### A. STAFF RETENTION PROGRAM

Presented by Steve Delaney, OCERS CEO

**<u>Recommendation</u>**: Take appropriate action.

At the August 15, 2016 Regular Board meeting, the full Board approved a Staff Retention Award program, but directed the Governance Committee to consider the details of the proposed program. The Committee also asked for further detail on how this program would be rolled out. Mr. Delaney explained that the current four OCERS-direct employees of the Investment Team would be eligible for participation in 2017, with a possible award in December 2017. Staff would then return to the Governance Committee in December 2017 to review what had transpired. Mr. Delaney indicated that at that point, depending upon how the program details played out, he would recommend the program be provided to all OCERS-direct employees, other than the CEO.

The Committee recommended that the full Board approve the Staff Retention Award program as presented with two changes:

- (1) That an award made will be paid in full even if the three year vesting period has not passed if due to the employee's death, disability or involuntary separation;
- (2) That the policy be expanded to include a provision that the funding of the program will be considered at each annual budget workshop if a merit pool is also provided.

After discussion, a **motion** was made by Mr. Ball<u>, **seconded**</u> by Mr. Flanigan, to recommend the full Board approve the Staff Retention Award program as presented with two changes.

### The motion passed unanimously.

Reconvened: 10:16 a.m.

## B. PROPOSED REVISIONS TO OCERS RULES OF PARLIAMENTARY PROCEDURE

Presented by Gina M. Ratto, Chief Legal Officer

**Recommendation**: Approve, and recommend that the full Board adopt, the revised OCERS Rules of Parliamentary Procedure.

Ms. Ratto presented the OCERS Rules of Parliamentary Procedure ("Rules") and recommended revisions to the Rules to provide additional guidance regarding the receipt of and response to comments and requests for information from the public during meetings of the Board and its committees. The Committee approved the revisions as presented with one addition. The Committee added the phrase, "and to a total of 20 minutes per issue" to paragraph 3.h. (2).

Following discussion, a <u>motion</u> was made by Mr. Ball, <u>seconded</u> by Mr. Hilton that the full Board adopt revisions with changes suggested by the Committee to the OCERS Rules of Parliamentary Procedure.

The motion passed unanimously.

# C. INTERNAL AUDIT REPORT RECOMMENDATION ON PRORATING FINAL MONTHLY BENEFIT PAYMENT

Presented by David James, Internal Auditor

### **Recommendation**: Receive and file.

The Audit Committee asked Internal Audit to present to the Governance Committee the issue of prorating a member's final benefit payment upon death.

OCERS' Internal Audit conducted an audit on the death benefits process. The audit report recommended that OCERS' management consider the costs versus benefits of prorating a deceased member's final monthly benefit payment based upon the actual date of death versus making a full payment. The report recommended that management determine if payroll related vendors can accept prorated payroll deductions for health insurance premiums, union dues, spousal/child support agreements, and income tax withholding. V3 can be reconfigured to prorate benefit payments and deductions.

Management responded that the complexity of changing the process may outweigh the estimated annual savings. The Committee directed Ms. Jenike to continue researching the costs of the proration by visiting retirement systems that follow this practice.

Following discussion, a <u>motion</u> was made by Mr. Ball, <u>seconded</u> by Mr. Hilton to receive and file Internal Audit Report Recommendation on Prorating Final Monthly Benefit Payment.

### The motion passed unanimously.

### D. PROPOSED REVISIONS TO OCERS TRUSTEE EDUCATION POLICY

Presented by David Lantzer, Deputy Chief Counsel

**Recommendation:** Recommend that the full Board adopt revisions to the OCERS Trustee Education Policy.

Mr. Lantzer presented the OCERS Trustee Education Policy. Mr. Lantzer recommended revisions to the policy to simplify the tracking of Trustee education hours so that hours will be tracked on a calendar year basis rather than based on each Trustee's term of office.

The Committee approved the revisions as presented with an additional revision of deleting paragraph 28, which stated, "Trustees will inform the Chief Executive Officer, for information purposes, of all pension-related conferences attended, whether attending on behalf of OCERS or not."

Following discussion, a <u>motion</u> was made by Mr. Ball, <u>seconded</u> by Mr. Hilton that the full Board adopt revisions with changes suggested by the Committee to the OCERS Trustee Education Policy.

### The motion passed unanimously.

The meeting adjourned at 11:14 a.m.

Item C-4:

Mr. Hilton asked what the contract terms were when we select security litigations, and how long until the next RFP?

Mr. Lantzer stated that OCERS doesn't have specific terms, the firms are kept on retainer. OCERS has not had an opportune time to do an RFP and therefore there are no set terms.

Mr. Hilton asked for OCERS to conduct an RFP and asked to send this item to the Governance Committee for further discussion.

### 1-3 ADVANCED DISCUSSION OF MORTALITY ASSUMPTIONS FOR 2017 EXPERIENCE ANALYSIS Presented by Paul Angelo, Segal Consulting

**Recommendation:** Receive and file.

Mr. Angelo presented the advanced discussion of mortality assumptions for 2017 experience analysis. He discussed mortality rates and demographic assumptions over the years.

Mr. Hilton stated that he read an article regarding declining mortality rates and asked Mr. Angelo to comment.

Mr. Angelo stated that the article that Mr. Hilton referenced to is a population mortality table and expected mortality rates as it relates to statistics at birth. OCERS looks at life expectancy as it relates to working professionals and people looking into retirement. Therefore the specified article isn't refined to the age bracket that OCERS looks at for the actuarial valuation.

Following discussion, a **motion** was made by Mr. Prevatt, **seconded** by Mr. Lindholm to receive and file the presentation on mortality assumptions. The motion carried **<u>unanimously</u>** with the voting was as follows:

I-4 SPECIAL FUNDING POLICY ISSUES FOR OC SANITATION DISTRICT AND OC PUBLIC LAW LIBRARY Presented by Paul Angelo, Segal Consulting, and Brenda Shott, Assistant CEO Internal Operations

### Recommendation:

- 1. Approve revised contribution rates for FY17/18 for Law Library and OC Sanitation District
- 2. Approve book keeping account for Sanitation District's payment of deferred investment losses
- 3. Recommendation on Rate Group assignments for both Law Library and OC Sanitation District

Ms. Shott presented the special funding policy issues for OC Sanitation District and OC Public Law Library.

Mr. Hilton asked how many people are in the library group.

Ms. Shott stated that there are about 30 total members.

Mr. Angelo discussed book keeping for Sanitation District's payment of deferred investment losses.

Ms. Freidenrich asked if we need a policy set in place for OCERS to be consistent as to how to proceed today as well as in the future.

Mr. Delaney stated that a policy would make sense and Ms. Shott stated that it can be added to the OCERS unfunded policy plan.

Mr. Leiderman said that his recommendation for the Board is to approve a resolution once discussions have been made with the Sanitation District. Therefore, a Board Resolution will eliminate any confusion that may occur in the future.

Mr. Angelo discussed the change in procedure used in the December 31, 2015 valuation for the OC Sanitation District and OC Library.

Mr. Angelo explained the first alternative for OC Library which is a new and separate Rate Group as well as the second alternative for OC Library which is to transfer Library into Rate Group #2.

Mr. Angelo discussed the immediate cost impact of pooling alternatives.

Mr. Hilton asked staff what the public library wants to do.

Ms. Shott stated that a more conservative approach would be OC Library's preference.

Mr. Lindholm stated that he's in favor of the first alternative which is a new and separate Rate Group.

Mr. Eley, member of the public, said that it's more prudent to keep Library pooled as they are a small group verses a large group. He is concerned that the rates will increase.

Segal Consulting's recommendation is to go with a separate standalone – option #1.

Mary Ruth Storer, Director of OC Public Law Library stated that the ability to have the tracking of their additional payment and for seeing the effect of their employees in the PEPRA group would be helpful for them. From her perspective she agrees with Mr. Angelo's recommendation.

Following discussion, a **motion** was made by Mr. Hilton, **seconded** by Mr. Ball to approve Recommendation #1: Approve revised contribution rates for FY17/18 for law Library and OC Sanitation District. The motion carried **unanimously** with the voting was as follows:

Mr. Hilton asked to describe how older members who do not want to use the computer will be handled and how they would be impacted with online features.

# Memorandum

SUBJECT:	RECOMMENDATIONS FROM THE AUDIT COMMITTEE MEETING ON DECEMBER 15, 2016
FROM:	David James, CPA, Director of Internal Audit
TO:	Members of the Board of Retirement
DATE:	January 5, 2017

### Recommendation

Approve the Audit Committee recommendations for Items A, B, C, and D as recommended by the Audit Committee on December 15, 2016.

### **Background/Discussion**

### ITEM A: AUDIT OF OCERS' BANK WIRE AND ACH TRANSFER PROCESS

Director of Internal Audit, David James, presented a report of an audit of OCERS' procedures for sending wire transfers and ACH transfers from the Wells Fargo operating bank account and the State Street investment custodian bank. Internal Audit found that OCERS has adequate controls over both manual and automated procedures required for sending a wire or an ACH transfer. However, Internal Audit recommended improvements to the OCERS' staff review over State Street wire transfers related to the funding of new investment managers and investment portfolio rebalancing. The report recommended State Street should verify wire transfer requests under \$100,000 with OCERS' personnel before executing the wire. The report recommended Finance should perform more timely monthly Wells Fargo bank reconciliations. Finally, the report recommended the monthly payroll file uploaded to Wells Fargo's secured website should be encrypted for additional data security.

<u>Recommendation</u>: The Committee voted to receive and file the report Audit of OCERS' Bank Wire and ACH Transfer Process.

### ITEM B: AUDIT OF OCERS' SERVICE CREDIT PURCHASE PROCESS

The Director of Internal Audit presented a report of an audit of OCERS' procedures for processing service credit purchases requested by members. Internal Audit tested a sample of service buybacks and noted no exceptions with cost calculations and supporting documentation located in V3. The report noted that management has recently added more staff to reduce a backlog of service buyback requests; however, the report recommended that management should consider the costs versus benefits of implementing work-in-process reporting over service buybacks to aid in the management of the process, track compliance with business goals, and ultimately improve customer service response times to its members. The report recommended that management should also consider the costs versus benefits of making improvements to V3's service credit purchase module in order to reduce excessive data entry currently required by V3 for excluded service buybacks.

<u>Recommendation</u>: The Committee voted to receive and file the report Audit of OCERS' Service Credit Purchase Process.

# Memorandum

### ITEM C: UPDATE ON STATUS OF INTERNAL AUDIT PROJECTS

The Director of Internal Audit presented the status of current audit projects. In progress audit projects discussed included the V3 data conversion audit, reciprocity claims audit, San Juan Capistrano payroll transmittals audit, the annual risk assessment and 2017 Audit Plan, and the plan sponsor review update.

The investments processes audit was approved by the Audit Committee Chair in December 2016 and added to the Audit Plan. The Committee directed Internal Audit staff to review changes to the CIO Charter as part of the audit.

Also discussed was the OCFA payroll transmittals audit, which has been delayed at the request of OCFA management until 2017. The Committee directed Internal Audit to contact OCFA management to determine when the audit can be completed.

<u>Recommendation</u>: The Committee voted to receive and file the Update on Status of Internal Audit Projects.

### ITEM D: POLICY REVIEW FOR OCERS' ETHICS, COMPLIANCE, AND FRAUD HOTLINE

The Director of Internal Audit described the usage of the Ethics, Compliance, and Fraud Hotline in 2016. The Ethics, Compliance, and Fraud Hotline Policy was presented to the Committee with no recommendations for amendments.

The Committee directed staff to emphasize the Fraud Hotline link on the OCERS' website and other OCERS' publications.

<u>Recommendation</u>: The Committee voted to review and approve OCERS' Ethics, Compliance, and Fraud Hotline Policy and Hotline Update.

#### SUBJECT: 2016 OCERS YEAR IN REVIEW: COMMUNICATION PLAN

#### Recommendation

Approve the 2016 Year in Review Communication Plan.

#### Background/Discussion

Since 2009 OCERS has crafted a strong outreach communication plan at the start of each year, with the goal of ensuring our members and stakeholders are all equally informed of the successes and challenges faced by this system.

We originally began this process by meeting with each of the County Supervisors on an individual basis. The OCERS team for those meetings has been the OCERS Board Chair, Vice-Chair and me. In 2009 the Great Recession was at its worst, and our goal was to assure our primary stakeholders that the OCERS Board of Retirement was actively involved in tackling the challenges facing the system.

The meetings were well received, and the OCERS Board approved expanding the outreach in 2010 to include each plan sponsor, major labor group, as well as the Retired Employees Association of Orange County (REAOC). In the ongoing debate over public pension benefits, ensuring a well-educated audience is one of the best methods for quelling rumors and replacing them with facts in order to better guide policy makers.

I propose the same process in 2017:

- 1. Individual meetings of the OCERS Chair, Vice-Chair and CEO with each of the County Supervisors and their support staff.
- 2. Individual meetings of a team of OCERS Executive Staff (Ms. Jenike, Ms. Shott and me) with the executive staff of each OCERS plan sponsor, as well as with the executive staff of each of our primary labor groups.
- 3. A presentation for our active members.
- 4. A presentation at a quarterly REAOC luncheon.

The different stakeholder groups may not necessarily share interest in the same issues or concerns, so I have attached an outline of those topics or accomplishments I believe were of greatest importance in 2016, and have indicated which groups I plan on providing with a more detailed discussion of any given topic.

If there are any other topics you the Trustees feel it is important to share in these meetings, please let me know and I can work with the Chair of the Board to determine how and when to include any additional information.

This is a fairly large undertaking, but one I believe well worth the effort. Scheduling conflicts will undoubtedly arise, but I would anticipate the bulk of the outreach to be accomplished in the February through May time frame.

SUBJECT: BOARD COMMUNICATIONS POLICY FACT SHEET

#### Recommendation

Receive and file.

#### Background/Discussion

The OCERS Monitoring and Reporting Policy requires that a copy of the Board of Retirement Communications Policy Fact Sheet be provided to the Board members annually. The Fact Sheet summarizes the contents of the OCERS Communications Policy and is intended to provide Board members with a quick reference guide.

The objectives of the OCERS Communication Policy are to encourage and facilitate open, accurate, timely and effective communications among all relevant parties, and to mitigate the risks to OCERS, the Board and the Board members that may arise in connection with communications. The policy was last revised in March 2015.

A copy of the OCERS Communication Policy and the Communications Policy Fact Sheet are attached.

# Background

 The Board of Retirement recognizes that effective communication is integral to good governance. In order to achieve the mission and objectives of OCERS, the Board must establish mechanisms for communicating clearly among Board members, and with senior management, plan sponsors, plan members, and external parties. The Board has adopted this Policy to provide the Board as a whole, individual Board members, and staff with guidelines for executing the communications function of the Board.

# **Policy Objectives**

- 2. To encourage and facilitate open, accurate, timely, and effective communications with all relevant parties.
- 3. To mitigate risks to OCERS, to the Board, and to Board members that may arise in connection with communications.

# **Principles and Assumptions**

- 4. Inappropriate or erroneous communications from Board members may represent a significant risk to OCERS, the Board, and individual Board members.
- 5. A Board member communications policy must balance the need to mitigate that risk with the need for open and efficient communication.

# **Policy Guidelines**

#### **General Guidelines**

- 6. Members of the OCERS Board and staff represent many differing backgrounds and viewpoints. Partisan political communications from persons in positions of authority may create a hostile work environment. Therefore, Board members and staff shall refrain from sending any partisan political communications to a majority of the members of the Board or a majority of the members of a standing committee, or to OCERS staff, contractors, temporary employees, or others working for or providing services to OCERS.
- 7. Members of the Board and staff shall also refrain from using OCERS equipment for disseminating partisan political communications to anyone, except where specifically authorized for fulfillment of duties of a duly appointed labor representative.
- 8. OCERS Board and staff shall also refrain from engaging in any communications that may be considered offensive, profane, vulgar, or based on any protected class under Federal law or laws in the State of California, regardless of the motivation for such communications.
- 9. Electronic mail allows for near instantaneous communications between individuals and / or groups of people. The prevalence of electronic communications also brings challenges in managing communications and potential infringement of the *Ralph M. Brown Act* (Gov. Code §§ 54950-

54962) (the "Brown Act"). As such, the OCERS Board has adopted the following guidelines for use and management of electronic mail by Board members:

- a. Electronic mail pertaining to OCERS business shall be treated as a business record of OCERS subject to the OCERS Records Retention and Guidelines Policy.
- b. Electronic mail between Board members must not violate any provision of the Brown Act.
- c. Communications that a Board member wishes to disseminate to a majority of the members of the Board or a majority of the members of a standing committee shall be submitted to the CEO or his or her designee only. The CEO or his or her designee will then, in his or her discretion, forward said communications to the full Board via a special email. Regardless of whether or not provided via a special email, unless the content of the message is inconsistent with OCERS' policies or applicable law (e.g., violates paragraph 8 above of this policy), it will be distributed publicly to the entire Board as a communications item posted with the public agenda for the next regular Board meeting. This paragraph in no way authorizes serial communications or communications by or between a majority of the members of the Board or a standing committee of the Board that would violate the Brown Act.
- d. Electronic mail communications from OCERS staff to Board members may be sent to a personal email account designated by individual Board members. OCERS staff shall retain a copy of the email communication according to the Records Retention and Guidelines Policy.
- e. For records retention and public records law purposes, when sending electronic mail communications pertaining to OCERS business to OCERS staff or other Board members, Board members shall send to or from, or copy the electronic mail message to, an OCERS email address so that OCERS can maintain a record of the electronic mail communication. This paragraph in no way authorizes serial communications or communications by or between a majority of the members of the Board or a standing committee of the Board that would violate the Brown Act.

#### **Communications Among Board Members**

- 10. The Board shall carry out its activities in accordance with the spirit of open governance, including the provisions of the Brown Act, which include, but are not limited to:
  - a. Ensuring that communications by and between Board members comply with the Brown Act (section 54952.2 of the Brown Act);
  - Properly noticing and posting an agenda for Board and Committee meetings (section 54954.2 of the Brown Act);
  - c. Allowing proper public comment on agenda items before or during consideration by the Board (Section 54954.3 of the Brown Act);
  - d. Properly describing all items to be considered in closed session in the notice or agenda for the meeting (Section 54954.5 of the Brown Act);
  - e. Not conducting or participating in a series of communications one at a time or in a group that in total constitutes a quorum of the Board or Committee either directly or through intermediaries or electronic devices, for the purpose of developing a concurrence as to

action to be taken (a serial or secret meeting prohibited by Section 54953 of the Brown Act);

- f. Not taking any action, whether preliminary or final, by secret ballot (Section 54953(c) of the Brown Act); and
- g. Ensuring Board and committee meeting agenda materials are properly made available to members of the public, upon request and without delay (Section 54957.5 of the Brown Act).
- 11. Internal or external counsel for OCERS shall provide Brown Act training/education annually to members of the Board.
- 12. A member of the Board shall disclose information in his or her possession pertinent to the affairs of OCERS to the entire Board in a timely manner.
- 13. During meetings of the Board and its committees, Board members shall communicate in a straightforward, constructive manner with due respect and professionalism.

#### Board Member Communications with Plan Members and Plan Sponsors

- 14. Members of the Board shall mitigate the risk of miscommunication with plan sponsors, active and deferred plan members, and retirees, and potential liability through adverse reliance by third parties by avoiding giving explicit advice, counsel, or education with respect to the technicalities of the plan provisions, policies, or processes.
- 15. Where explicit advice, counsel, or education with respect to the technicalities of the plan provisions, policies, or process is needed, Board members will refer inquiries to the Chief Executive Officer or appropriate designee. The Chief Executive Officer or such designee will inform the Board Member when and how the matter was resolved.
- 16. Board members shall not disclose confidential communications received orally or in writing in closed session meetings of the Board of Retirement or a Board Committee or received orally or in writing from internal or external legal counsel and identified as confidential.

#### **Board Member Communications with OCERS Management**

- 17. a. Board members who seek information solely in order to respond to inquiries from members about OCERS' policies and practices may direct their inquiries to the CEO or, with notice to the CEO, to the appropriate Assistant CEO or department head, who shall in turn direct subordinate staff as appropriate.
  - b. All other Board member requests for information shall be directed to the CEO, who shall in turn direct staff as appropriate.
  - c. All Board member expressions of concern and ideas about OCERS' policies, administration, contracting, investments, benefits, media relations and public policy issues shall be directed solely to the CEO. Under no circumstances shall Board members directly communicate about any such matters with any staff subordinate to the CEO outside of a duly noticed Board or committee meeting, without the CEO's prior express permission. If exigent circumstances arise

during the CEO's absence, such matters may be directed to the CEO's designee, who shall act in lieu of the CEO.

- 18. a. The CEO may decline to accept Board member requests for information that require the expenditure of significant staff time or external resources, provided that the CEO then places the matter on the next subsequent Board or committee agenda, as appropriate, for consideration and direction by the full Board or committee.
  - b. The Board and individual Board members shall not retaliate against either the CEO or any of OCERS' staff for acting consistently with this Policy. Board member conduct inconsistent with this Policy may be deemed by the Board to constitute a breach of fiduciary duty, and may subject the Board member to public censure or reprimand, loss of committee membership or other privileges of office, and/or other appropriate action by the Board.
- 19. The CEO shall ensure that all information requested by one or more Board members is made available to the entire Board.
- 20. Board members shall share any information in their possession pertinent to the affairs of OCERS with the CEO in a timely manner. Similarly, the CEO shall ensure that all relevant and pertinent information is disclosed to all of the Board members in a timely manner.

#### **Board Member Communications with External Parties**

21. In general, in communicating with external parties, the following guidelines will apply:

The purpose of any communications by members of the Board shall be consistent with their sole and exclusive fiduciary duty to represent the interests of all plan members;

Board members and OCERS management are expected to respect the decisions and policies of the Board in external communications even if they may have opposed them or disagreed with them during Board deliberations;

Board members shall not disclose confidential communications received orally or in writing in closed session meetings of the Board of Retirement or a Board Committee or received orally or in writing from internal or external legal counsel and identified as confidential;

Individual Board members shall not speak for the Board as a whole unless authorized by the Board to do so; and

In external communications, Board members are expected to disclose when they are not representing an approved position of the Board of Retirement or are not speaking in their Board of Retirement capacity.

- 22. Subject to section 21 above, in situations that call for a spokesperson from the Board, the Chair or his or her designee shall act as spokesperson for the Board. The spokesperson generally should request that reporters put questions in writing.
- 23. When interviewed, or otherwise approached by the media for information concerning the affairs of OCERS, members of the Board shall refrain from making any unilateral commitments on behalf of the Board or OCERS.

24. To help ensure the accuracy of any oral and/or written material created for the purpose of publication or presentation by members of the Board, in their capacity as such, and to ensure that neither OCERS, the Board, or such member of the Board is placed at risk thereby, all such material shall be peer reviewed by the CEO or legal counsel prior to being submitted for publication or presentation.

# **Policy Review**

25. The Board shall review this policy at least every 3 years to ensure that it remains relevant and appropriate.

# **Policy History**

- 26. This policy was adopted by the Board of Retirement on November 18, 2002.
- 27. The policy was revised on April 16, 2007, March 24, 2008, May 17, 2011, March 17, 2014, January 20, 2015, and March 16, 2015.

#### Recommendation

Receive and file.

#### **Background/Discussion**

The Board Performance Review policy calls for the OCERS Board of Retirement to annually perform a self-review with this stated objective:

"The objectives of this policy are to provide a process whereby the Board of Retirement may engage in self-review and discussion for the purposes of continuously improving its own effectiveness as a fiduciary body."

The Board receives a self-review questionnaire in January (attached) and considers the results in February.

"In preparation for the review, in January of each year, the Chair will ensure that the Board Performance Review Questionnaire is distributed to each Board member. Board members will complete the questionnaire and return it to either the Chair or to a designated third party within the time frame specified by the Chair."

"The Board review will be placed on the agenda for the February Board meeting. The Chair will distribute to Board members both comments and observations from the completed surveys to facilitate discussion at the meeting."

Please return your completed questionnaire to Chair Ball by January 31, 2017 with a courtesy copy to Vice-Chair Prevatt. If you require extra space to complete your answers, please feel free to attach additional pages. The results will be summarized by the Chair at the February 7, 2017 meeting of the OCERS Board of Retirement.

SUBJECT: 2016 DISABILITY RETIREMENT STATISTICS REPORT

#### Recommendation

Receive and file.

#### **Background/Discussion**

At the start of each year I provide the Board with disability retirement statistics covering the prior calendar year. The information contained in this item shows the number of disability retirement applications received in calendar year 2016, as well as the number of applications presented to the Board in 2016.

At the close of 2016 OCERS had received a total of 84 new applications for the year and staff presented a total of 75 cases to the Board for a decision. The current processing time is approximately nine to 12 months from the date the application was filed to the initial Board decision. Due to the processing time many of the cases presented to the Board in 2016 many may have been filed in prior calendar year(s). As a result there may be an overlap in the data regarding the number of applications filed per year compared to the number that were adjudicated.

When preparing disability applications for presentation to the Board staff develops an initial recommendation and presents the Board with the evidence associated to the claim. CERL includes a number of options for disability adjudication and the staff report includes these options so that the Board has all of the information needed to make a determination. On several occasions in 2016 the Board adopted one of the alternative options other than the initial staff recommendation.

- 2 applications were referred directly to a hearing officer for review.
- 5 applications were returned to staff for a second medical evaluation.
- 1 applicant was granted service connected disability (staff recommendation as to deny).

I have also provided several prior years' statistics reports for informational purposes. This data is intended to reflect the actual number of applications processed so that we can gauge the department's resource needs as well as to track our service levels to our members. For the first time this year we have also created a chart showing the trends of the largest volume of cases filed. Staff continues to operate under the philosophy that we are independent information gatherers and every application for disability retirement is processed based on its own merits.

**DATE**: January 17, 2017

TO: Members of the Board of Retirement

**FROM**: Gina M. Ratto, Chief Legal Officer

SUBJECT: 2016/2017 FORM 700 DESIGNATED FILERS LIST AND FACT SHEETS AND OCERS ANNUAL DISCLOSURE FORM

#### Recommendation

Receive and file.

#### Background/Discussion

#### FORM 700 – STATEMENT OF ECONOMIC INTERESTS

On or before April 1 of every year, each designated filer under OCERS' Conflict of Interest Code is required to file a Form 700 Statement of Economic Interests to disclose personal economic interests in real property, businesses, and investments as described in the regulations adopted by the California Fair Political Practices Commission (FPPC). Because April 1, 2017 falls on a Saturday, the Form 700 is due on or before Monday, April 3, 2017.

OCERS' designated filers are:

All members of the Board of Retirement
Chief Executive Officer
Chief Investment Officer
Director of Investment Operations
Investment Officers
Investment Analysts
Assistant Chief Executive Officer, External Operations
Assistant Chief Executive Officer, Finance and Internal Operations
Chief Legal Officer

Attached for your reference and to assist you in preparing your Form 700 are the following:

- 2016/2017 Form 700 Reference Pamphlet
- 2016 Form 700 Frequently Asked Questions
- 2016/2017 Form 700

OCERS filers are strongly encouraged to file their Forms 700 using the County of Orange Clerk of the Board EDisclosure system. All filers will receive an email from the Clerk of the Board's office in the next few weeks providing a link to the EDisclosure system. The EDisclosure system is very easy to use and allows for direct filing

and permanent electronic storage. The Clerk of the Board's office can assist filers with user names and passwords. In addition, I am available to answer questions regarding filing.

If you prefer to submit a hard copy of your Form 700, please send it to Steve's assistant, Cammy Danciu, by March 31, 2016, so that we can forward it in a timely manner to the Clerk of the Board on your behalf.

#### OCERS ANNUAL DISCLOSURE POLICY

In addition to the Form 700, the OCERS Annual Disclosure Policy requires that by April 1 of each year OCERS Board members and executive staff file a disclosure of:

- All interests that are required to be disclosed on the Form 700;
- All family and business relationships with, and value received from, any investment manager, placement agent, registered lobbyist, vendor, consultant, actuary, counsel or other persons (i) providing or actively seeking to provide services or products to, or (ii) seeking to influence the deliberations of OCERS' Board of Retirement;
- All other matters required to be disclosed under California law (e.g., interests in contracts, incompatible offices, honoraria, campaign contributions); and
- All matters required to be disclosed under OCERS' Conflict of Interest Code.

Attached are the OCERS Annual Disclosure Policy and the Annual Disclosure Form.

Since the Form 700 is not due until April 3 this year, and since you will need to attach a copy of the Form 700 to the Annual Disclosure Form, we are extending the due date for the Annual Disclosure Form to April 3, 2017. If you are using the EDisclosure system for your Form 700, you can print a copy of your Form 700 directly from the system and attach it to your Annual Disclosure Form before sending it to Cammy Danciu, on or before April 3, 2017.

## **Terms & Definitions**

The instructions located on the back of each schedule describe the types of interests that must be reported. The purpose of this section is to explain other terms used in

schedules or elsewhere.

Blind Trust: See Trusts, Reference Pamphlet, page 16.

Business Entity: Any organization or enterprise operated

business trust, joint venture, syndicate, corporation, or association. This would include a business for which you take business deductions for tax purposes (for example, a small business operated in your home).

**Code Filer:** An individual who has been designated in a state or local agency' statements of economic interests.

An individual hired on or after January 1, 2010 for a position not yet covered under an agency'

in a position that makes or participates in making governmental decisions.

the broadest disclosure category until the code is amended to include the new position unless the agency has provided in writing a limited disclosure requirement. Agencies may use FPPC Form 804 for such disclosure. See Regulation 18734.

**Commission Income:** "Commission income" means gross payments of \$500 or more received during the period covered by the statement as a broker, agent, or salesperson, including insurance brokers or agents, real estate brokers or agents, travel agents or salespersons, stockbrokers, and retail or wholesale salespersons, among others.

In addition, you may be required to disclose the names of sources of commission income if your pro rata share of the gross income was \$10,000 or more from a single source during the reporting period. If your spouse or registered domestic partner received commission income, you would disclose your community property share (50%) of that income (that is, the names of sources of \$20,000 or more in gross commission income received by your spouse or registered domestic partner).

Report commission income as follows:

- If the income was received through a business entity in which you and your spouse or registered domestic partner had a 10% or greater ownership interest (or if you receive commission income on a regular basis as an independent contractor or agent), use Schedule A-2.
- If the income was received through a business entity in which you or your spouse or registered domestic partner did not receive commission income on a regular basis or you had a less than 10% ownership interest, use Schedule C.

The "source" of commission income generally includes all parties to a transaction, and each is attributed the full value of the commission.

Examples:

• You are a partner in Smith and Jones Insurance Company and have a 50% ownership interest in the company. You sold two Businessmen's Insurance Company policies to XYZ Company during the reporting period. You received commission income of \$5,000

On Schedule A-2, report your partnership interest in and income received from Smith and Jones Insurance Company in Parts 1 and 2. In Part 3, list both Businessmen's Insurance Company and XYZ Company as sources of \$10,000 or more in commission income.

You are a stockbroker for Prince Investments, but you You receive

commission income on a regular basis through the sale of stock to clients. Your total gross income from your employment with Prince Investments was over \$100,000 during the reporting period. On Schedule A-2, report your name as the name of the business entity in Part 1 and the gross income you have received in Part 2. (Because you are an employee of Prince Investments, you do not need to complete the information in the box in Part 1 indicating the general description of business activity, fair market value, or nature of investment.) In Part 3, list Prince Investments and the names of any clients who were sources of \$10,000 or more in commission income to you.

 You are a real estate agent and an independent contractor under Super Realty. On Schedule A-2, Part 1, in addition to your name or business name, complete the business entity description box. In Part 2, identify your gross income. In Part 3, for each transaction that resulted in commission income to you of \$10,000 or more, you must identify the brokerage entity, each person you represented, and any person 's or other referral fee for

referring a party to the transaction to the broker.

Note: If your pro rata share of commission income from a single source is \$500 or more, you may be required to disqualify yourself from decisions affecting that source of income, even though you are not required to report the income. For information regarding disclosure of "incentive compensation," see Reference Pamphlet, page 12.

**Fair Market Value:** When reporting the value of an investment, interest in real property, or gift, you must disclose the fair market value – the price at which the item would sell for on the open market. This is particularly important when valuing gifts, because the fair market value of a gift may be different from the amount it cost the donor to provide the gift. For example, the wholesale cost of a

The FPPC has no authority to interpret or enforce the Code of Civil Procedure. Court commissioners are subject to the gift limit under the Political Reform Act.

**Income Reporting:** Reporting income under the Act is different than reporting income for tax purposes. The Act requires **gross** income (the amount received before deducting losses, expenses, or taxes, as well as income reinvested in a business entity) to be reported.

<u>Pro Rata Share</u>: The instructions for reporting income refer to your pro rata share of the income received. Your pro rata share is normally based on your ownership interest in the entity or property. For example, if you are a sole proprietor, you must disclose 100% of the gross income to the business entity on Schedule A-2. If you own 25% of a piece of rental property, you must report 25% of the gross rental income received. When reporting your community property interest in your spouse's or registered domestic partner's income, your pro rata share is 50% of his or her income.

Separate Property Agreement: Generally

community property law.

<u>Income to a Business Entity</u>: When you are required to report sources of income to a business entity, sources of rental income, or sources of commission income, you are only required to disclose individual sources of income of \$10,000 or more. However, you may be required to **disqualify** yourself from decisions affecting sources of \$500 or more in income, even though you are not required to report them.

Examples:

Alice Ruiz is a partner in a business entity. She has a 25% interest. On Schedule A-2, she must disclose 25% of the fair market value of the business entity; 25% of the gross income to the business entity (even though all of the income received was reinvested in the business and she did not personally receive any income from the business); and the name of each source of \$40,000 or more to the business.

 Cynthia and Mark Johnson, a married couple, own Classic Autos. Income to this business was \$200,000. In determining the amount to report for income on Schedule A-2, Part 2, Mark must include his 50% share (\$100,000) and 50% of his spouse's share (\$50,000). Thus, his reportable income would be \$150,000 and he will check the box indicating \$100,001-\$1,000,000. (Also see Reference Pamphlet, page 13, for an example of how to calculate the value of this investment.)

- In addition to salary, reimbursement of expenses, and other income received from your employer, separately report on Schedule C the name of each person who purchased products or services sold, marketed or represented by you if you received incentive compensation of \$500 or more attributable to the purchaser during the period covered by the statement.

customers, you must determine the amount of incentive compensation attributable to each of your customers. This may be based on the volume of sales to those customers.

(See Regulations 18700.1 and 18728.5 for more information.)

**Investment Funds:** The term "investment" no longer includes certain exchange traded funds, closed-end funds, or funds held in an Internal Revenue Code qualified plan. These non-reportable investment funds (1) must be bona fide investment funds that pool money from more than 100 investors, (2) must hold securities of more than 15 issuers, and (3) cannot have a stated policy of concentrating their holdings in the same industry or business ("sector funds"). In addition, the filer may not influence or control the decision to purchase or sell the specific fund on behalf of his or her agency during the reporting period or influence or control the selection of any specific investment purchased or sold by the fund. (Regulation 18237)

**Investments and Interests in Real Property:** When disclosing investments on Schedules A-1 or A-2 and interests in real property on Schedules A-2 or B, you must include investments and interests in real property held by your spouse or registered domestic partner, and those held by your dependent children, as if you held them directly.

Examples:

- Terry Pearson, her husband, and two dependent children each own \$600 in stock in General Motors. Because the total value of their holdings is \$2,400, Terry must disclose the stock as an investment on Schedule A-1.
- Cynthia and Mark Johnson, a married couple, jointly own Classic Autos. Mark must disclose Classic Autos as an investment on Schedule A-2. To determine the reportable value of the investment, Mark will aggregate the value of his 50% interest and Cynthia's 50% interest. Thus, if the total value of the business entity is \$150,000, he will check the box \$100,001 - \$1,000,000 in Part 1 of Schedule A-2. (Also see Reference Pamphlet, page 11, for an example of how to calculate reportable income.)

The Johnsons also own the property where Classic Autos is located. To determine the reportable value of the real property, Mark will again aggregate the value of his 50% interest and Cynthia's 50% interest to determine the amount to report in Part 4 of Schedule A-2.

 Katie Smith rents out a room in her home. She receives \$6,000 a year in rental income. Katie will report the fair market value of the rental portion of her residence and the income received on Schedule B.

**Jurisdiction:** Report discloseable investments and sources of income (including loans, gifts, and travel payments) that are either located in or doing business in your agency's jurisdiction, are planning to do business in your agency's jurisdiction, or have done business during the previous two years in your agency's jurisdiction, and interests in real property located in your agency's jurisdiction.

A business entity is doing business in your agency's jurisdiction if the entity has business contacts on a regular or substantial basis with a person who maintains a physical presence in your jurisdiction.

Business contacts include, but are not limited to, manufacturing, distributing, selling, purchasing, or providing services or goods. Business contacts do not include marketing via the Internet, telephone, television, radio, or printed media.

The same criteria are used to determine whether an individual, organization, or other entity is doing business in your jurisdiction.

**Leasehold Interest:** The term "interest in real property" includes leasehold interests. An interest in a lease on real property is reportable if the value of the leasehold interest is \$2,000 or more. The value of the interest is the total amount of rent owed by you during the reporting period or,

prior 12 months.

You are not required to disclose a leasehold interest with a value of less than \$2,000 or a month-to-month tenancy.

Privileged Information: FPPC Regulation 18740 sets out specific procedures that must be followed in order to withhold the name of a source of income. Under this regulation, you are not required to disclose on Schedule A-2, Part 3, the name of a person who paid fees or made payments to a business entity if disclosure of the name would violate a legally recognized privilege under California or Federal law. However, you must provide an explanation for nondisclosure separately stating, for each undisclosed person, the legal basis for the assertion of the privilege, facts demonstrating why the privilege is applicable, and that to the best of your knowledge you have not and will not make, participate in making, or use your official position to influence a governmental decision affecting the undisclosed person in violation of Government Code Section 87100. This explanation may be included with, or attached to, the public official's Form 700.

We note that the name of a source of income is privileged only to a limited extent under California law. For example, a name is protected by attorney-client privilege only when facts concerning an attorney's representation of an anonymous client are publicly known and those facts, when coupled with disclosure of the client's identity,

civil or criminal liability. A patient's name is protected by physician-patient privilege only when disclosure of the patient's name would also reveal the nature of the treatment received by the patient. A patient's name is also protected if the disclosure of the patient's name would constitute a violation by an entity covered under the Federal Health Insurance Portability and Accountability Act (also known as HIPAA).

Public Officials Who Manage Public Investments:

Individuals who invest public funds in revenue-producing This includes individuals who direct or approve investment transactions, formulate or approve investment policies, and establish guidelines

#### the following:

- Members of boards and commissions, including pension and retirement boards or commissions, and committees thereof, who exercise responsibility for the management of public investments;
- who exercise primary responsibility for the management of public investments (for example, chief or principal
- Individuals who, pursuant to a contract with a state or local government agency, perform the same or substantially all the same functions described above.

**Registered Domestic Partners:** Filers must report investments and interests in real property held by, and sources of income to, registered domestic partners. (See Regulation 18229.)

Retirement Accounts (for example, deferred compensation and individual retirement accounts (IRAs)): Assets held in retirement accounts must be

disclosed if the assets are reportable items, such as common stock (investments) or real estate (interests in real property). For help in determining whether your investments and real property are reportable, see the instructions to Schedules A-1, A-2, and B.

If your retirement account holds reportable assets, disclose only the assets held in the account, not the account itself. You may have to contact your account manager to determine the assets contained in your account.

<u>Schedule A-1</u>: Report any business entity in which the value of your investment interest was \$2,000 or more during the reporting period. (Use Schedule A-2 if you have a 10% or greater ownership interest in the business entity.)

<u>Schedule B</u>: Report any piece of real property in which the value of your interest was \$2,000 or more during the reporting period.

Examples:

 Alice McSherry deposits \$500 per month into her employer's deferred compensation program. She has

funds registered with the Securities and Exchange Commission. Because her funds are invested solely in non-reportable mutual funds (see Schedule A-1 instructions), Alice has no disclosure requirements with regard to the deferred compensation program.

Bob Allison has \$6,000 in an individual retirement The account

contains stock in several companies doing business in his jurisdiction. One of his stock holdings, Misac Computers, reached a value of \$2,500 during the reporting period. The value of his investment in each of the other companies was less than \$2,000. Bob must report Misac Computers as an investment on Schedule A-1 because the value of his stock in that company was \$2,000 or more.

 Adriane Fisher has \$5,000 in a retirement fund that invests in real property located in her jurisdiction. The value of her interest in each piece of real property held in the fund was less than \$2,000 during the reporting period. Although her retirement fund holds reportable assets, she has no disclosure requirement because she did not have a \$2,000 or greater interest in any single piece of real property. If, in the future, the value of her interest in a single piece of real property reaches or exceeds \$2,000, she will be required to disclose the real property on Schedule B for that reporting period.

**Trusts:** Investments and interests in real property held and income received by a trust (including a living trust) are reported on Schedule A-2 if you, your spouse or registered domestic partner, and your dependent children together had a 10% or greater interest in the trust and your pro rata share of a single investment or interest in real property was \$2,000 or more.

You have an interest in a trust if you are a trustor and:

- · Can revoke or terminate the trust;
- Have retained or reserved any rights to the income or principal of the trust or retained any reversionary or remainder interest; or
- Have retained any power of appointment, including the

Or you are a \_\_\_\_\_ and:

#### Examples:

- Sarah Murphy has set up a living trust that holds her principal residence, stock in several companies that do business in her jurisdiction, and a rental home in her agency's jurisdiction. Since Sarah is the trustor and can revoke or terminate the trust, she must disclose any stock worth \$2,000 or more and the rental home on Schedule A-2. Sarah's residence is not reportable because it is used exclusively as her personal residence.
- Ben Y

trust. However, Ben does not presently receive income from the trust, nor does he have an irrevocable future right to receive income or principal. Therefore, Ben is not required to disclose any assets contained in his grandparents' trust.

#### **Blind Trusts:**

A blind trust is a trust managed by a disinterested trustee who has complete discretion to purchase and sell assets

interest in a blind trust, you may not be required to disclose your pro rata share of the trust's assets or income. However, the trust must meet the standards set out in FPPC Regulation 18235, and you must disclose reportable assets originally transferred into the blind trust and income from those original assets on Schedule A-2 until they have been disposed of by the trustee.

#### Trustees:

If you are only a trustee, you do not have a reportable interest in the trust. However, you may be required to report the income you received from the trust for performing trustee services. **Wedding Gifts:** Wedding gifts must be disclosed if they were received from a reportable source during the period covered by the statement. Gifts valued at \$50 or more are reportable; however, a wedding gift is considered a gift to both spouses equally. Therefore, you would count one-half of the value of a wedding gift to determine if it is reportable and need only report individual gifts with a total value of \$100 or more.

For example, you receive a place setting of china valued at \$150 from a reportable source as a wedding gift. Because the value to you is \$50 or more, you must report the gift on Schedule D, but may state its value as \$75.

Wedding gifts are not subject to the \$460 gift limit (\$470 during 2017 - 2018), but they are subject to the \$10

The FAQs listed below are selected from questions often asked about the Statement of Economic Interests (Form 700). Because it is not possible to address all of the unique variables and circumstances related to disclosure, individuals are encouraged to contact the FPPC with specific facts. Most officials must also consult their agency's conflict of interest code to determine their disclosure level and their reportable interests. The Form 700 is a public document. Form 700s filed by State Legislators and Judges, members of the FPPC, County Supervisors, and City Council Members are available on the FPPC's website.

#### **General Questions**

- 1. Q. Do all officials have the same disclosure requirements for Form 700 reporting?
  - A. No. The majority of individuals who file the Form 700 must do so by following the rules set forth in their agency's conflict of interest code ("designated employees"). Before completing the Form 700, an official should be familiar with the disclosure category for his or her position. For example, since job duties differ from agency to agency and even unit to unit within the same agency, an analyst for one agency, or unit of that agency, may not have the same reporting requirements as an analyst from another agency, or even another unit of the same agency.

Officials listed in Government Code Section 87200 (e.g., boards of supervisors, city council members, planning commissioners, elected state officials, etc.) must report investments, business positions, and sources of income, including receipt of gifts, loans, and travel payments, from sources located in or doing business in their agency's jurisdiction. All interests in real property within the agency's jurisdiction must also be reported. For local officials, real property located within 2 miles of the boundaries of the jurisdiction or any real property that the agency has an interest in is deemed to be "within the jurisdiction."

- 2. Q. Is it necessary to read all of the information before completing the Form 700?
  - A. Each individual must verify the Form 700's content under penalty of perjury. Therefore, every effort must be made to understand what is required by the form. When necessary, you may contact the FPPC for specific, personal guidance. You may only obtain immunity from an enforcement action when you receive formal written advice.
- 3. Q. Where are the Form 700s filed?
  - A. Most state and local officials file with their agency. In most instances, the agency is required to forward the originals for specified high-level officials to the FPPC. Only retired judges serving on assignment and legislative staff file the Form 700 *directly* with the FPPC.

- 4. Q. If the Form 700 is postmarked by the due date, is it considered filed on time?
  - A. Yes.
- 5. Q. If an official holds various positions for which the Form 700 is required, is a statement required for each position?
  - A. Yes. However, one expanded statement covering the disclosure requirements for all positions may be completed as long as an originally signed statement is filed with each filing officer.
- 6. Q. Do individuals need to file a complete Form 700 when they leave office?
  - A. Yes. The same requirements apply for the assuming office, the annual, and the leaving office filings.
- 7. Q. An individual is hired into a newly created management position in her agency's Information Technology Department. How does she complete the Form 700?
  - A. Because it is a newly created position, the law requires that economic interests are reported under the broadest disclosure category in the agency's conflict of interest code unless the agency sets interim disclosure that is tailored to the limited range of duties of the position. Generally, the Form 700 must be filed with the agency within 30 days of the date of hire. An individual may request that the agency complete the Form 804 (Agency Report of New Positions) to tailor the disclosure category to the job duties of the new position.
- 8. Q. Must board members of a non-profit public benefit corporation that operates California charter schools file Form 700?
  - A. Yes. Members of charter schools are public officials and must file the Form 700.

#### **Income Questions**

- 9. Q. Must an official report a spouse's or registered domestic partner's salary?
  - A. Generally an official is required to report his or her community property share (50%) of his or her spouse's or registered domestic partner's salary. The disclosure lists the employer's name as the source of income on Schedule C of the Form 700. If the spouse or registered domestic partner is self-employed, the business entity is reported on Schedule A-2. Officials should check their disclosure category, if applicable, to determine if the income is reportable. A spouse or registered domestic partner's government salary is not reportable (e.g., spouse is a teacher at a public school).
- 10. Q. If an official and his or her spouse have a legally separate property agreement (e.g., prenuptial), must the official still report his or her community property share (50%) in his or her spouse's income?
  - A. No. If there is a legally separate property agreement, the official is not required to report his or her community property share in his or her spouse's income so long as the funds are not commingled with community funds or used to pay for community expenses or to produce or enhance the official's separate income. This reporting exception does not apply to investments and interests in real property. Even if a public official and his or her spouse have a separate

property agreement, the spouse's investments and interests in real property must still be disclosed because the definitions of reportable investments and interests in real property include those held by the official's immediate family (spouse, registered domestic partner, and dependent children). These definitions are not dependent on community property law.

- 11. Q. If an official owns a business in which he has received income of \$10,000 or more from a client, is the official required to disclose the client's name on Schedule A-2, Part 3?
  - A. Yes, except for under rare circumstances where disclosure of the identity would violate a legally recognized privilege under California or federal law. In these cases, the FPPC may authorize an exemption. (Regulation 18740)
- 12. Q. When an official purchases a new car and trades in the old car as credit toward the purchase price, is the trade-in allowance considered reportable income on the Form 700?
  - A. No. A trade-in allowance is not considered income and is not reportable on an official's Form 700. However, income received from the sale of an auto may be reportable.

#### **Investment Questions**

- 13. Q. An official holds various stocks through an account managed by an investment firm. The account manager decides which stocks to purchase with no input from the official. Are the stocks subject to disclosure?
  - A. Yes. Unless the stocks are in a diversified mutual fund registered with the SEC or in a fund similar to a diversified mutual fund (e.g., exchange traded fund (ETF)) if the similar fund meets the specific criteria outlined in Regulation 18237. Any investments worth \$2,000 or more in a business entity located in or doing business in the jurisdiction must be disclosed on Schedule A-1 or A-2 if the official's disclosure category requires that the investments be reported.
- 14. Q. Are funds invested in a retirement account required to be disclosed?
  - A. Investments held in a government defined-benefit pension program plan (i.e., CalPERS) are not reportable. Investments held in a fund such as a defined contribution plan 401(k) or exchange traded fund (EFT) are not required to be disclosed if the fund meets the specific criteria outlined in Regulation 18237. An official may need to contact his or her account manager for assistance in determining what assets are held in the account.
- 15. Q. If an official reported stocks that were acquired last year on his or her annual Form 700, must the stocks be listed again on the official's next Form 700?
  - A. Yes. Stocks that are worth \$2,000 or more during the reporting period must be reported every year that they are held. The "acquired" and "disposed" dates are only required if the stocks were acquired or disposed of during the period covered by the Form 700.
- 16. Q. How are interests in a living trust reported if the trust includes: (1) rental property in the official's jurisdiction; (2) a primary residence; and (3) investments in diversified mutual funds? Are there different disclosure rules?
  - A. The name of the trust is reported, along with the rental property and its income, on Schedule A-2. The official's primary residence, if used exclusively as a personal residence, and investments

in diversified mutual funds registered with the SEC, are not reportable. Although the official's primary residence is not required to be disclosed on the Form 700, it is still considered an economic interest for conflict of interest purposes. (See Question 17.) A secondary residence not used exclusively for personal purposes may be reportable. (See Question 18.)

#### **Real Property Questions**

- 17. Q. Is an official's personal residence reportable?
  - A. Generally, any personal residence occupied by an official or his or her family is not reportable if used exclusively as a personal residence. However, a residence for which a business deduction is claimed is reportable if the portion claimed as a tax deduction is valued at \$2,000 or more. In addition, any residence for which an official receives rental income is reportable if it is located in the jurisdiction.
- 18. Q. When an official is required to report interests in real property, is a secondary residence reportable?
  - A. It depends. First, the residence must be located in the official's jurisdiction. If the secondary residence is located in the official's jurisdiction and rental income is received (including from a family member), the residence is reportable. However, if the residence is used exclusively for personal purposes and no rental income is received, it is not reportable. Although the secondary residence may not be reportable, it is still considered an economic interest for conflict of interest purposes.
- 19. Q. If a primary or secondary personal residence is required to be reported, is the street address required to be disclosed?
  - A. No. The assessor's parcel number may be listed instead of the street address.

#### **Enforcement Question**

- 20. Q. What is the penalty for not filing the Form 700 on time or not reporting all required economic interests?
  - A. A late fine of \$10 per day up to a maximum of \$100 may be assessed. In addition, if a matter is referred to the FPPC's Enforcement Division for failure to file or failure to include all required economic interests, the fine may be substantially higher. If an individual does not pay a fine, the matter may be referred to the Franchise Tax Board for collection.

#### **Gift/Travel Questions**

- 21. Q. What is the gift limit for 2015-2016?
  - A. **\$460**: This means that gifts from a single, reportable source, other than a lobbyist or lobbying firm (see below), may not exceed \$460 in a calendar year. For officials and employees who file the Form 700 under an agency's conflict of interest code ("designated employees"), this limit applies only if the official or employee would be required to report income or gifts from that source on the Form 700, as outlined in the "disclosure category" portion of the agency's conflict

of interest code. For conflict of interest purposes, the gift must be under \$460 to avoid consideration under the conflict rules.

#### State Lobbyist & Lobbying Firm Limit:

**\$10:** State candidates, state elected officers, and state legislative officials may not accept gifts aggregating more than **\$10 in a calendar month that are made or arranged by a registered state lobbyist or lobbying firm.** The same rule applies to state agency officials, including members of state boards and commissions, if the lobbyist or firm is registered to lobby, or should be registered to lobby, the official's or employee's agency.

- 22. Q. During the year, an official received several gifts of meals from the same reportable source. Each meal was approximately \$35. Is the source reportable?
  - A. Yes. Gifts from the same reportable source are aggregated, and the official must disclose the source when the total value of all meals reaches or exceeds \$50.
- 23. Q. How does an individual return a gift so that it is not reportable?
  - A. Unused gifts that are returned to the donor or reimbursed within 30 days of receipt are not reportable. The recipient may also donate the unused item to a charity or governmental agency within 30 days of receipt or acceptance so long as the donation is not claimed as a tax deduction. An individual may not, however, reimburse a charity for the value (or partial value) of a gift from another source, in order to not report the gift, unless the charity was the original source of the gift.
- 24. Q. Two people typically exchange gifts of similar value on birthdays. Are these items reportable?
  - A. No. Gift exchanges with individuals, other than lobbyists, on birthdays, holidays, or similar occasions, are not reportable or subject to gift limits. The gifts exchanged must be similar in value.
- 25. Q. Must an official report gifts received from an individual whom the official is dating?
  - A. No. Gifts of a personal nature exchanged because the individuals are in a bona fide dating relationship are not reportable or subject to gift limits. However, the official remains subject to the conflict of interest rules and some matters may require recusal from voting.
- 26. Q. If an official makes a speech related to national public policy and his or her spouse attends the dinner at the event, is the spouse's meal considered a gift to the official?

Yes. The official's meal is not a reportable gift; however, his or her spouse's meal is a gift and reportable on the official's Form 700 if the value is \$50 or more.

27. Q. A vendor that does business with the agency provided entertainment tickets to the spouse of one of the agency members. Must the member report the tickets as gifts?

- A. Yes. Unless an exception applies, the tickets are a reportable gift. A gift to an official's spouse is a gift to the official when there is no established working, social, or similar relationship between the donor/vendor and the spouse or there is evidence to suggest that the donor had a purpose to influence the official.
- 28. Q. An agency received two free tickets to a concert from a local vendor. The agency has a policy governing the reporting of tickets and passes distributed to persons for use in ceremonial roles or other agency related activities. The agency had discretion to determine who in the agency received the tickets. Each ticket was valued at \$140. If the agency director used the tickets, how are they reported?
  - A. Assuming the tickets meet the agency's policy as an appropriate use of public funds, the agency may report the tickets (worth \$280) on the Form 802 (Agency Report of Ceremonial Role Events and Ticket/Pass Distributions), which is a public record. The director does not need to report the tickets on the Form 700.
- 29. Q. An agency received a large box of chocolates as a holiday gift from a local merchant. It was addressed to the agency and not to a particular employee. Is there a reporting requirement?
  - A. No. There is no reporting requirement if the value received by each agency employee is less than \$50.
- 30. Q. An agency official receives a gift basket specifically addressed to the official worth more than \$50 from a local merchant. Is there a reporting requirement?
  - A. If the source of the gift basket is reportable by the official, the official must report the gift, even if he or she shares the gift with other agency employees.
- 31. Q. Do prizes donated to a governmental agency by an outside source constitute gifts under the Act if they were received by city employees in a drawing conducted by the city for all city employees participating in the city's charitable food drive?
  - A. Yes. The prizes are gifts if donated by an outside source and subject to the Act's limits and reporting requirements.
- 32. Q. An official won a scholarship in a raffle at a software update training class. The scholarship covered the cost of the class. All attendees, including other public officials and members of the public, were eligible to apply for the scholarship. Is the official required to report the scholarship as a gift?
  - A. A scholarship received in a "bona fide" competition may be reported as income instead of a gift. Whether or not a competition or contest is "bona fide" depends on specific facts, such as the nature of the pool of contestants. Contact the FPPC for assistance.
- 33. Q. Is a ticket provided to an official for his or her admission to an event at which the official performs a ceremonial role or function on behalf of his or her agency reportable on the official's Form 700?

- A. No, so long as the organization holding the event provides the ticket and so long as the official's agency completes the Form 802 (Agency Report of Ceremonial Role Events and Ticket/Pass Distributions). The form will identify the official's name and explain the ceremonial function. (See Regulation 18942.3 for the definition of "ceremonial role.")
- 34. Q. An official makes an annual donation to a an educational organization that has a 501(c)(3) taxexempt status. The organization is holding a two-hour donor appreciation event, which will include wine, appetizers, and music. Free access to the event is being provided to all donors to the organization. Must the official report the event as a gift from the organization?
  - A. Because free access to the event is offered to all of the organization's donors, without regard to official status, access to the event is not a reportable gift.
- 35. Q. Are frequent flyer miles reportable?
  - A. No. Discounts received under an airline's frequent flyer program that are available to all members of the public are not required to be disclosed.

# **IMPORTANT NOTE:** See Regulation 18950.1 for additional information on reporting travel payments. In some circumstances the agency may report the travel in lieu of the official reporting the travel.

- 36. Q. If a non-profit organization pays for an official to travel to a conference after receiving the funds to pay for the travel from corporate sponsors, specifically for the purpose of paying for the official's travel, is the non-profit organization or the corporate sponsors the source of the gift?
  - A. The corporate sponsors are the source of the gift if the corporate sponsors donated funds specifically for the purpose of the official's travel. Thus, the benefit of the gift received by the official would be pro-rated among the donors. Each reportable donor would be subject to the gift limit and identified on the official's Form 700. The FPPC should be contacted for specific guidance to determine the true source of the travel payment.
- 37. Q. May an official accept travel, lodging and subsistence from a foreign sister city while representing the official's home city?
  - A. Yes. If the travel and related lodging and subsistence is paid by a foreign government and is reasonably related to a legislative or governmental purpose, it is not subject to the gift limit. However, the payments must be disclosed as gifts on the Form 700 for this exception to apply. While in the foreign country, any personal excursions not paid for by the official must also be disclosed and are subject to the gift limit. If private entities make payments to the foreign government to cover the travel expenses, the gift limit will apply and travel payments will likely be prohibited. Please contact the FPPC for more information.
- 38. Q. An analyst for a state or local agency attends a training seminar on the new federal standards related to the agency's regulatory authority. If the analyst's travel payments are paid by the federal agency, must the analyst report the payment on the Form 700?

- A. No. A payment for travel and related per diem received from a government agency for education, training, or other inter-agency programs or purposes, is not considered a gift or income to the official who uses the payment.
- 39. Q. A state legislator and a planning commissioner were guest speakers at an association's event. Travel expenses were paid by the association, and the event was held in the United States. Is this reportable?
  - A. Yes. The payment is reportable, but not subject to the gift limits. In general, an exception applies to payments for travel within the United States that are provided to attend a function where the official makes a speech. These payments are not limited, but are reportable as gifts. The rules require that the speech be reasonably related to a legislative or governmental purpose, or to an issue of state, national, or international public policy; and the travel payment must be limited to actual transportation and related lodging and subsistence the day immediately preceding, the day of, and the day immediately following the speech. (See Government Code Section 89506. Other rules may be applicable if this exception is not used.)
- 40. Q. An official serves as a board member for two organizations one has a 501(c)(3) tax-exempt status and the other has a 501(c)(6) tax-exempt status. The organizations pay the official's travel expenses to attend board meetings. Must the official report these travel payments?
  - A. Under the Act, travel payments provided to an official by a 501(c)(3) organization are exempt from the definition of "income" and therefore, not reportable. However, travel payments from other organizations, including a 501(c)(6) organization, are likely required to be reported. Designated employees must report such travel payment if the organization is reportable pursuant to the official's disclosure category in his or her agency's conflict of interest code.
- 41. Q. The local airport authority issues a certain number of airport parking cards to the County to allow the cardholders to use the parking facilities at the airport at no change, provided the cardholder is on official business. Must the officials who use the parking cards report a gift on the Form 700?
  - A. No. As long as the parking cards are used for official business only, the parking cards do not provide a personal benefit, so no gift is received. If a parking card is used for *personal* purposes, a gift must be reported.

#### **Tickets to Non-Profit and Political Fundraisers Questions**

- 42. Q. An official is offered a ticket from a 501(c)(3) organization to attend its fundraising event. The face value (price) of the ticket is \$500, and the ticket states that the tax deductible portion is \$350. If the official accepts the ticket, what must be reported?
  - A. Nothing is required to be reported on the Form 700 so long as the ticket is provided directly by the 501(c)(3) organization for its own fundraising event and is used for the official's own attendance at the fundraiser. In this case, the ticket is deemed to have no value. The official may also accept a second ticket provided directly by the 501(c)(3) organization for his or her guest attending the event, without a reporting obligation by either the official or the guest.

- 43. Q. What if someone purchases a table at a non-profit fundraiser and offers an official a seat at the table?
  - A. If another person or entity provides a ticket, it is a gift and subject to the gift limit. The value is the non-deductible portion on the ticket. If there is no declared face value, then the value is the pro-rata share of the food, catering service, entertainment, and any additional item provided as part of the event. The "no value" exception only applies if the official receives no more than two tickets for his or her own use directly from the 501(c)(3) organization and it is for the organization's fundraising event.
- 44. Q. A 501(c)(3) organization provides a ticket to an official for its fundraising event. The organization seats the official at a table purchased by a business entity. Does the official have to report the ticket?
  - A. No. So long as the ticket is provided directly by the 501(c)(3) organization and is used for the official's own attendance at the fundraiser, the ticket is not reportable regardless of where the official is seated.
- 45. Q. An agency employee who holds a position designated in the conflict of interest code receives a ticket to a fundraiser from a person not "of the type" listed in the agency's code. Is the agency employee required to report the value?
  - A. No. A ticket or any other gift may be accepted under these circumstances without limit or reporting obligations. Agencies must ensure the conflict of interest code adequately addresses potential conflicts of interests but not be so overbroad as to include sources that are not related to the employee's official duties.
- 46. Q. An official receives a ticket to attend a political fundraiser held in Washington D.C. from a federal committee. Is the official required to disclose the ticket as a gift, and is it subject to the gift limit?
  - A. No. The value of the ticket is not a gift so long as the ticket is provided to the official directly by the committee holding the fundraiser and the official personally uses the ticket. (Regulation 18946.4.) Separate rules apply for travel provided to attend the fundraiser. Regulation 18950.3 covers issues on travel paid by or for a campaign committee.
- 47. Q. A political party committee is holding a political fundraiser at a golf course and a round of golf is included. If the committee provides an elected official a ticket, is the ticket reportable by the official?
  - A. No, so long as the official uses the ticket for his or her own use. If someone other than the political party provides a ticket, the full cost of the ticket is a gift. The political party must report the total amount spent on the fundraiser on its campaign statement.
- 48. Q. If a business entity offers an official a ticket or a seat at a table that was purchased for a political fundraiser, what is the value?

- A. Because the ticket was not offered by the campaign committee holding the fundraiser, it is a gift to the official. The value is either the face value of the ticket or the pro-rata share of the food, catering services, entertainment, and any additional benefits provided to attendees.
- 49. Q. If an official attends an event that serves only appetizers and drinks, does the "drop-in" exception apply no matter how long the official stays or how many appetizers or drinks are consumed?
  - A. No. The focus of the food and beverages "drop-in" exception is not on the nature of the event as a whole, but rather on the particular official's brief attendance and limited consumption. If an official attends an event that serves only appetizers and drinks, the "drop-in" exception would only apply if the official just "drops in" for a few minutes and consumes only a "de minimis" amount of appetizers and drinks. However, the "drop-in" exception does not automatically apply just because the event does not serve more than appetizers and drinks.
- 50. Q. An organization, which is not a 501(c)(3) organization, is holding a fundraiser at a professional sporting event. Tickets to this sporting event are sold out and it appears that tickets are only available at a substantially higher price than the stated face value amount of the ticket provided to the official by the organization. If the official attends the event, what is the value of the gift?
  - A. The value is the face value amount stated on the ticket to the sporting event. This valuation rule applies to all tickets to such events that are not covered by a separate valuation exception, such as non-profit and political party fundraisers.
- 51. Q. An official receives a ticket to a fundraiser, and if accepted, the ticket will result in a reportable gift or a gift over the current gift limit. What are the options?
  - A. The official may reimburse the entity or organization that provided the ticket for the amount over the gift limit (or pay down the value to under the \$50 gift reporting threshold if the official does not want to disclose the ticket). Reimbursement must occur within 30 days of receipt of the ticket. A candidate or elected official may use campaign funds to make the reimbursement if the official's attendance at the event is directly related to a political, legislative, or governmental purpose for the payment. A ticket that is not used and not given to another person is not considered a gift to the official.

- A. Yes, three are required. However, you may complete one statement listing the county and the two boards on the Cover Page or an attachment as the agencies for which you will be Report your economic interests using the largest jurisdiction and highest disclosure requirements assigned to you by the three agencies. Make two copies of the entire statement before signing it, sign each copy with an original signature, and distribute one original to the county and to each of the two boards. Remember to complete separate statements for positions that you leave or assume during the year.
- Q. I am a department head who recently began acting as city manager. Should I as the city manager?
- A. Yes. File an assuming statement as city manager. Persons serving as "acting," "interim," or "alternate" must as if they hold the position because they are or may be performing the duties of the position.
- Q. As a designated employee, I left one state agency to work for another state agency. Must I a leaving statement?
- A. Yes. You may also need to an assuming statement for the new agency.

- Q. My spouse and I are currently separated and in the process of obtaining a divorce. Must I still report my spouse's income, investments, and interests in real property?

### **Investment Disclosure**

- Q. I have an investment interest in shares of stock in a company that does not have an in my jurisdiction. Must I still disclose my investment interest in this company?
- A. Probably. The of "doing business in the jurisdiction" is not limited to whether the business has an or physical location in your jurisdiction. See Reference Pamphlet, page 13.
- Q. My spouse and I have a living trust. The trust holds rental property in my jurisdiction, our primary residence, and investments in mutual funds. I have full disclosure. How is this trust disclosed?
- A. Disclose the name of the trust, the rental property and its income on Schedule A-2. Your primary residence and investments in mutual funds registered with the SEC are not reportable.

- A. Yes. Disclose on Schedule A-1 or A-2 any stock worth \$2,000 or more in a business entity located in or doing business in your jurisdiction.

- Q. I am the sole owner of my business, an S-Corporation. I believe that the nature of the business is such that it cannot be said to have any "fair market value" because it has no assets. I operate the corporation under an agreement with a large insurance company. My contract does not have resale value because of its nature as a personal services contract. Must I report the fair market value for my business on Schedule A-2 of the Form 700?
- A. Yes. Even if there are no *tangible* assets, intangible assets, such as relationships with companies and clients are commonly sold to professionals. The "fair market value" is often for other purposes, such as marital dissolutions or estate planning. In addition, the IRS presumes that "personal services corporations" have a fair market value. A professional "book of business" and the associated goodwill that generates income are not without a determinable value. The Form 700 does not require a precise fair market value; it is only necessary to check a box indicating the broad range within which the value falls.

- Q. On last year's I reported stock in Encoe valued at \$2,000 \$10,000. Late last year the value of this stock fell below and remains at less than \$2,000. How should this be reported on this year's statement?
- A. You are not required to report an investment if the value was less than \$2,000 during the **entire** reporting period. However, because a disposed date is not required for stocks that fall below \$2,000, you may want to report the stock and note in the "comments" section that the value fell below \$2,000. This would be for informational purposes only; it is not a requirement.

- Q. We have a Section 529 account set up to save money for our son's college education. Is this reportable?
- A. If the Section 529 account contains reportable interests (e.g., common stock valued at \$2,000 or more), those interests are reportable (not the actual Section 529 account). If the account contains solely mutual funds, then nothing is reported.

This information would be disclosed on Schedule C with a note in the "comments" section indicating that the business entity is not a reportable investment. The note would be for informational purposes only; it is not a requirement.

- Q. I am the sole owner of my business. Where do I disclose my income on Schedule A-2 or Schedule C?
- A. Sources of income to a business in which you have an ownership interest of 10% or greater are disclosed on Schedule A-2. See Reference Pamphlet, page 8, for the of "business entity."
- Q. My husband is a partner in a four-person where all of his business is based on his own billings and collections from various clients. How do I report my community property interest in this business and the income generated in this manner?
- A. If your husband's investment in the is 10% or greater, disclose 100% of his share of the business on Schedule A-2, Part 1 and 50% of his income on Schedule A-2, Parts 2 and 3. - A. No. Payments received on a loan made to a family member are not reportable.

### **Real Property Disclosure**

- Q. During this reporting period we switched our principal place of residence into a rental. I have full disclosure and the property is located in my agency's jurisdiction, so it is now reportable. Because I have not reported this property before, do I need to show an "acquired" date?
- A. No, you are not required to show an "acquired" date because you previously owned the property. However, you may want to note in the "comments" section that the property was not previously reported because it was used exclusively as your residence. This would be for informational purposes only; it is not a requirement.
- Q. I am a city manager, and I own a rental property located in an adjacent city, but one mile from the city limit. Do I need to report this property interest?
- A. Yes. You are required to report this property because it is located within 2 miles of the boundaries of the city you manage.
- Q. Must I report a home that I own as a personal residence for my daughter?
- A. You are not required to disclose a home used as a personal residence for a family member unless you receive income from it, such as rental income.
- Q. I am a co-signer on a loan for a rental property owned by a friend. Since I am listed on the deed of trust, do I need to report my friend's property as an interest in real property on my Form 700?
- A. No. Simply being a co-signer on a loan for property does not create a reportable interest in real property for you.

### **Gift Disclosure**

- Q. If I received a reportable gift of two tickets to a concert valued at \$100 each, but gave the tickets to a friend because I could not attend the concert, do I have any reporting obligations?
- A. Yes. Since you accepted the gift and exercised discretion and control of the use of the tickets, you must disclose the gift on Schedule D.

### Questions and Answers Continued

- Q. Mary and Joe Benson, a married couple, want to give a piece of artwork to a county supervisor. Is each spouse considered a separate source for purposes of the gift limit and disclosure?
- A. Yes, each spouse may make a gift valued at the gift limit during a calendar year. For example, during 2016 the gift limit was \$460, so the Bensons may have given the supervisor artwork valued at no more than \$920. The supervisor must identify Joe and Mary Benson as the sources of the gift.
- Q. I am a Form 700 with full disclosure. Our agency holds a holiday to raise funds for a local charity. I bought \$10 worth of tickets and won a gift basket valued at \$120. The gift basket was donated by Doug Brewer, a citizen in our city. At the same event, I bought tickets for, and won a quilt valued at \$70. The quilt was donated by a coworker. Are these reportable gifts?
- A. Because the gift basket was donated by an outside source (not an agency employee), you have received a reportable gift valued at \$110 (the value of the basket less the consideration paid). The source of the gift is Doug Brewer and the agency is disclosed as the intermediary. Because the quilt was donated by an employee of your agency, it is not a reportable gift.
- Q. My agency is responsible for disbursing grants. An applicant (501(c)(3) organization) met with agency employees to present its application. At this meeting, the applicant provided food and beverages. Would the food and beverages be considered gifts to the employees? These employees are designated in our agency's of interest code and the applicant is a reportable source of income under the code.
- A. Yes. If the value of the food and beverages consumed by any one , plus any other gifts received from the same source during the reporting period total \$50 or more, the food and beverages would be reported using the fair market value and would be subject to the gift limit.

- Q. I received free admission to an educational conference related to my duties. Part of the conference fees included a round of golf. Is the value of the golf considered informational material?
- A. No. The value of personal such as golf, attendance at a concert, or sporting event, are gifts subject to reporting and limits.

Ins

"Investment" means a interest in any business entity (including a consulting business or other independent contracting business) that is located in, doing business in, planning to do business in, or that has done business during the previous two years in your agency's jurisdiction in which you, your spouse or registered domestic partner, or your dependent children had a direct, indirect, or interest totaling \$2,000 or more at any time during the reporting period. See Reference Pamphlet, page 13.

### Reportable investments include:

- Stocks, bonds, warrants, and options, including those held in margin or brokerage accounts and managed investment funds (See Reference Pamphlet, page 13.)
- Sole proprietorships
- Your own business or your spouse's or registered domestic partner's business (See Reference Pamphlet, page 8, for the of "business entity.")
- Your spouse's or registered domestic partner's investments even if they are legally separate property
- Partnerships (e.g., a law or family farm)
- Investments in reportable business entities held in a retirement account (See Reference Pamphlet, page 15.)
- If you, your spouse or registered domestic partner, and dependent children together had a 10% or greater ownership interest in a business entity or trust (including a living trust), you must disclose investments held by the business entity or trust. See Reference Pamphlet, page 15, for more information on disclosing trusts.
- Business trusts

### You are not required to disclose:

- Government bonds, mutual funds, certain funds similar to mutual funds (such as exchange traded funds) and investments held in certain retirement accounts. See Reference Pamphlet, page 13, for detailed information. (Regulation 18237)
- Bank accounts, savings accounts, money market accounts and of deposits
- Insurance policies
- Annuities
- Commodities
- Shares in a credit union
- Government bonds (including municipal bonds)
- Retirement accounts invested in non-reportable interests (e.g., insurance policies, mutual funds, or government bonds) (See Reference Pamphlet, page 15.)

- Government pension plans (such as CalPERS and CalSTRS plans)
- Certain interests held in a blind trust (See Reference Pamphlet, page 16.)

**Use Schedule A-1** to report ownership of less than 10% (e.g., stock). Schedule C (Income) may also be required if the investment is not a stock or corporate bond. See second example below.

**Use Schedule A-2** to report ownership of 10% or greater (e.g., a sole proprietorship).

### To Complete Schedule A-1:

Do not attach brokerage or statements.

- Disclose the name of the business entity.
- Provide a general description of the business activity of the entity (e.g., pharmaceuticals, computers, automobile manufacturing, or communications).
- Check the box indicating the highest fair market value of your investment during the reporting period. If you are a candidate or an assuming statement, indicate the fair market value on the date or the date you took respectively.
- Identify the nature of your investment (e.g., stocks, warrants, options, or bonds).
- An acquired or disposed of date is only required if you initially acquired or entirely disposed of the investment interest during the reporting period. The date of a stock dividend reinvestment or partial disposal is not required. Generally, these dates will not apply if you are a candidate or an assuming statement.

### Examples:

John Smith holds a state agency position. His of interest code requires full disclosure of investments. John must disclose his stock holdings of \$2,000 or more in any company that is located in or does business in California, as well as those stocks held by his spouse or registered domestic partner and dependent children.

Susan Jones is a city council member. She has a 4% interest, worth \$5,000, in a limited partnership located in the city. Susan must disclose the partnership on Schedule A-1 and income of \$500 or more received from the partnership on Schedule C.

### Reminders

- Do you know your agency's jurisdiction?
- Did you hold investments at any time during the period covered by this statement?
- Code your disclosure categories may only require disclosure of investments.

Use Schedule A-2 to report investments in a business entity (including a consulting business or other independent contracting business) or trust (including a living trust) in which you, your spouse or registered domestic partner, and your dependent children, together or separately, had a 10% or greater interest, totaling \$2,000 or more, during the reporting period and which is located in, doing business in, planning to do business in, or which has done business during the previous two years in your agency's jurisdiction. See Reference Pamphlet, page 13. A trust located outside your agency's jurisdiction is reportable if it holds assets that are located in or doing business in the jurisdiction. Do not report a trust that contains non-reportable interests. For example, a trust containing only your personal residence not used in whole or in part as a business, your savings account, and some municipal bonds, is not reportable.

Also report on Schedule A-2 investments and real property held by that entity or trust if your pro rata share of the investment or real property interest was \$2,000 or more during the reporting period.

### To Complete Schedule A-2:

**Part 1.** Disclose the name and address of the business entity or trust. If you are reporting an interest in a business entity, check "Business Entity" and complete the box as follows:

- Provide a general description of the business activity of the entity.
- Check the box indicating the highest fair market value of your investment during the reporting period.
- If you initially acquired or entirely disposed of this interest during the reporting period, enter the date acquired or disposed.
- · Identify the nature of your investment.
- Disclose the job title or business position you held with the entity, if any (i.e., if you were a director, , partner, trustee, employee, or held any position of management). A business position held by your spouse is not reportable.

**Part 2.** Check the box indicating **your pro rata** share of the **gross** income received **by** the business entity or trust. This amount includes your pro rata share of the **gross** income **from** the business entity or trust, as well as your community property interest in your spouse's or registered domestic partner's share. Gross income is the total amount of income before deducting expenses, losses, or taxes.

**Part 3.** Disclose the name of each source of income that is located in, doing business in, planning to do business in, or that has done business during the previous two years in your agency's jurisdiction, as follows:

 Disclose each source of income and outstanding loan to the business entity or trust in Part 1 if your pro rata share of the gross income (including your community property interest in your spouse's or registered domestic partner's share) to the business entity or trust from that source was \$10,000 or more during the reporting period. See Reference Pamphlet, page 11, for examples. Income from governmental sources may be reportable if not considered salary. See Regulation 18232. Loans from commercial lending institutions made in the lender's regular course of business on terms available to members of the public without regard to your status are not reportable.

• Disclose each individual or entity that was a source of commission income of \$10,000 or more during the reporting period through the business entity in Part 1. See Reference Pamphlet, page 8, for an explanation of commission income.

You may be required to disclose sources of income located outside your jurisdiction. For example, you may have a client who resides outside your jurisdiction who does business on a regular basis with you. Such a client, if a reportable source of \$10,000 or more, must be disclosed.

Mark "None" if you do not have any reportable \$10,000 sources of income to disclose. Using phrases such as "various clients" or "not disclosing sources pursuant to attorney-client privilege" may trigger a request for an amendment to your statement. See Reference Pamphlet, page 14, for details about requesting an exemption from disclosing privileged information.

Part 4. Report any investments or interests in real propertyheld or leased by the entity or trustin Part 1 if yourpro rata share of the interest held was \$2,000 or more duringthe reporting period. Attach additional schedules or useFPPC's Form 700 Excel spreadsheet if needed.

- Check the applicable box identifying the interest held as real property or an investment.
- If investment, provide the name and description of the business entity.
- If real property, report the precise location (e.g., an assessor's parcel number or address).
- Check the box indicating the highest fair market value of your interest in the real property or investment during the reporting period. (Report the fair market value of the portion of your residence claimed as a tax deduction if you are utilizing your residence for business purposes.)
- Identify the nature of your interest.
- Enter the date acquired or disposed only if you initially acquired or entirely disposed of your interest in the property or investment during the reporting period.

Report interests in real property located in your agency's jurisdiction in which you, your spouse or registered domestic partner, or your dependent children had a direct, indirect, or

interest totaling \$2,000 or more any time during the reporting period. Real property is also considered to be "within the jurisdiction" of a local government agency if the property or any part of it is located within two miles outside the boundaries of the jurisdiction or within two miles of any land owned or used by the local government agency. See Reference Pamphlet, page 13.

#### Interests in real property include:

- An ownership interest (including a ownership interest)
- · A deed of trust, easement, or option to acquire property
- A leasehold interest (See Reference Pamphlet, page 14.)
- · A mining lease
- An interest in real property held in a retirement account (See Reference Pamphlet, page 15.)
- An interest in real property held by a business entity or trust in which you, your spouse or registered domestic partner, and your dependent children together had a 10% or greater ownership interest (Report on Schedule A-2.)
- Your spouse's or registered domestic partner's interests in real property that are legally held separately by him or her

#### You are not required to report:

 A residence, such as a home or vacation cabin, used exclusively as a personal residence (However, a residence in which you rent out a room or for which you claim a business deduction may be reportable. If reportable, report the fair market value of the portion claimed as a tax deduction.)

**Please note:** A non-reportable residence can still be grounds for a of interest and may be disqualifying.

• Interests in real property held through a blind trust (See Reference Pamphlet, page 16, for exceptions.)

### To Complete Schedule B:

- Report the precise location (e.g., an assessor's parcel number or address) of the real property.
- Check the box indicating the fair market value of your interest in the property (regardless of what you owe on the property).
- Enter the date acquired or disposed only if you initially acquired or entirely disposed of your interest in the property during the reporting period.
- Identify the nature of your interest. If it is a leasehold, disclose the number of years remaining on the lease.

#### Reminders

- Income and loans already reported on Schedule B are not also required to be reported on Schedule C.
- Real property already reported on Schedule A-2, Part 4 is not also required to be reported on Schedule B.
- Code do your disclosure categories require disclosure of real property?

- If you received rental income, check the box indicating the gross amount you received.
- If you had a 10% or greater interest in real property and received rental income, list the name of the source(s) if your pro rata share of the gross income from any single tenant was \$10,000 or more during the reporting period. If you received a total of \$10,000 or more from two or more tenants acting in concert (in most cases, this will apply to married couples), disclose the name of each tenant. Otherwise, mark "None."
- Loans from a private lender that total \$500 or more and are secured by real property may be reportable. Loans from commercial lending institutions made in the lender's regular course of business on terms available to members of the public without regard to your official status are not reportable.

When reporting a loan:

- Provide the name and address of the lender.
- Describe the lender's business activity.
- Disclose the interest rate and term of the loan. For variable interest rate loans, disclose the conditions of the loan (e.g., Prime + 2) or the average interest rate paid during the reporting period. The term of a loan is the total number of months or years given for repayment of the loan at the time the loan was established.
- Check the box indicating the highest balance of the loan during the reporting period.
- Identify a guarantor, if applicable.

If you have more than one reportable loan on a single piece of real property, report the additional loan(s) on Schedule C.

#### Example:

Joe Nelson is a city planning commissioner. Joe received rental income of \$12,000 during the reporting period from a single tenant who rented property Joe owned in the city's jurisdiction. If Joe had received the \$12,000 from two or more tenants, the tenants' names would not be required as long as no single tenant paid \$10,000 or more. A married couple would be considered a single tenant.

### Instructions – Schedule C Income, Loans, & Business Positions (Income Other Than Gifts and Travel Payments)

### **Reporting Income:**

Report the source and amount of gross income of \$500 or more you received during the reporting period. Gross income is the total amount of income before deducting expenses, losses, or taxes and includes loans other than loans from a commercial lending institution. See Reference Pamphlet, page 11. You must also report the source of income to your spouse or registered domestic partner if your community property share was \$500 or more during the reporting period.

A gift is anything of value for which you have not provided equal or greater consideration to the donor. A gift is reportable if its fair market value is \$50 or more. In addition, multiple gifts totaling \$50 or more received during the reporting period from a single source must be reported.

It is the acceptance of a gift, not the ultimate use to which it is put, that imposes your reporting obligation. Except as noted below, you must report a gift even if you never used it or if you gave it away to another person.

If the exact amount of a gift is unknown, you must make a good faith estimate of the item's fair market value. Listing the value of a gift as "over \$50" or "value unknown" is not adequate disclosure. In addition, if you received a gift through an intermediary, you must disclose the name, address, and business activity of both the donor and the intermediary. You may indicate an intermediary either in the "source" after the name or in the "comments" section at the bottom of Schedule D.

### Commonly reportable gifts include:

- · Tickets/passes to sporting or entertainment events
- · Tickets/passes to amusement parks
- Parking passes not used for agency business
- Food, beverages, and accommodations, including those provided in direct connection with your attendance at a convention, conference, meeting, social event, meal, or like gathering
- Rebates/discounts not made in the regular course of business to members of the public without regard to status
- Wedding gifts (See Reference Pamphlet, page 16)
- An honorarium received prior to assuming (You may report an honorarium as income on Schedule C, rather than as a gift on Schedule D, if you provided services of equal or greater value than the payment received. See Reference Pamphlet, page 10, regarding your ability to receive future honoraria.)
- Transportation and lodging (See Schedule E.)
- Forgiveness of a loan received by you

### You are not required to disclose:

 Gifts that were not used and that, within 30 days after receipt, were returned to the donor or delivered to a charitable organization or government agency without

- Gifts of similar value exchanged between you and an individual, other than a lobbyist registered to lobby your state agency, on holidays, birthdays, or similar occasions
- Gifts of informational material provided to assist you in the performance of your duties (e.g., books, pamphlets, reports, calendars, periodicals, or educational seminars)

### To Complete Schedule D:

Travel payments reportable on Schedule E include advances and reimbursements for travel and related expenses, including lodging and meals.

Gifts of travel may be subject to the gift limit. In addition, certain travel payments are reportable gifts, but are not subject to the gift limit. To avoid possible misinterpretation or the perception that you have received a gift in excess of the gift limit, you may wish to provide a description of the purpose of your travel. See the FPPC fact sheet entitled "Limitations and Restrictions on Gifts, Honoraria, Travel, and Loans" at *www.fppc.ca.gov*.

#### You are not required to disclose:

- Travel payments received from any state, local, or federal government agency for which you provided services equal or greater in value than the payments received, such as reimbursement for travel on agency business from your government agency employer.
- A payment for travel from another local, state, or federal government agency and related per diem expenses when the travel is for education, training or other inter-agency programs or purposes.
- Travel payments received from your employer in the normal course of your employment that are included in the income reported on Schedule C.
- A travel payment that was received from a entity exempt from taxation under Internal Revenue Code Section 501(c)(3) for which you provided equal or greater consideration, such as reimbursement for travel on business for a 501(c)(3) organization for which you are a board member.

# Note: Certain travel payments may not be reportable if reported on Form 801 by your agency.

### To Complete Schedule E:

- Disclose the full name (not an acronym) and address of the source of the travel payment.
- Identify the business activity if the source is a business entity.
- Check the box to identify the payment as a gift or income, report the amount, and disclose the date(s).
  - **Travel payments are gifts** if you did not provide services that were equal to or greater in value than the payments received. You must disclose gifts totaling \$50 or more from a single source during the period covered by the statement.

When reporting travel payments that are gifts, you must provide a description of the gift and the **date(s)** received. If the travel occurred on or after January 1, 2016, you must also disclose the **travel destination**.

- **Travel payments are income** if you provided services that were equal to or greater in value than the payments received. You must disclose income totaling \$500 or more from a single source during the period covered by the statement. You have the burden of proving the payments are income rather than gifts. When reporting travel payments as income, you must describe the services you provided in exchange for the payment. You are not required to disclose the date(s) for travel payments that are income.

### Example:

City council member Rick Chandler is the chairman of a 501 (c)(6) trade association and the association pays for Rick's travel to attend its meetings. Because Rick is deemed to be

providing equal or greater consideration for the travel payment by virtue of serving on the board, this payment may be reported as income. Payments for Rick to attend other events for which he is not providing services are likely considered gifts.

SUBJECT: BUSINESS CONTINUITY AND DISASTER RECOVERY PLAN UPDATE

### Recommendation

Receive and file.

### Update

Since approval at the November 14, 2016 regular Board meeting of staff's recommendation to establish a hybrid (private/public) cloud infrastructure solution, relocate the primary OCERS data center to a local, professionallymanaged colocation facility, establish a secondary site out-of-state and implement a public cloud-based telephony system in order to enhance OCERS' business continuity and disaster recovery capabilities, the OCERS IT team has been busy working towards those goals.

On November 21, 2016, OCERS issued a purchase order to our technology partner, Sidepath, to allow them to begin procurement of the hardware, software and support required for the project. The bill of materials for this procurement was subject to a competitive bid process for which we received three responses. As of the date of this report, the hardware, software and support identified in Figure 1 are in process of being purchased and OCERS expects to receive invoices for these items shortly. Additional hardware, software and support purchases will occur throughout the first half of 2017.

Procured Item	Estimated Expense*	
Storage Area Network Hardware and Software	\$ 163,407.24	
Dell PowerEdge R630 Servers	\$ 39,101.28	
Dell Networking S4048-ON Switches	\$ 70,784.24

VMware Licensing and Support	\$ 8,555.87	
Total	\$ 455,241.37	

 Table 1: Procured Items and Estimated Expenses through January 3, 2017

\* Expenses may differ slightly due to sales taxes being charged on hardware but not on electronically-delivered software or support. Actual dollar expenditures will be noted in the next status update provided to the Board in March.

As hardware is received it is staged at Sidepath's Lake Forest facility where it then undergoes a "burn-in" procedure to ensure that there are no out-of-the-box faults with the equipment. It is also configured

appropriately so that it will be ready for installation into a data center co-location facility with minimal additional configuration required at that time. Software is being installed onto the servers and configured as well. OCERS IT staff will be visiting Sidepath headquarters both to inspect the equipment and to begin initial training on the configuration of the hardware and software products.

The next major step in the project is to identify the local and out-of-state colocation facilities in which we will house our data center equipment and business continuity (BC) and disaster recovery (DR) equipment. OCERS IT staff is working with Sidepath to define colocation facility requirements in order to issue a request for proposal (RFP) for colocation services in the next weeks.

On a related note, from December 5-9, 2016, IT Manager Jon Gossard and IT Operations Supervisor Javier Lara attended the 2016 Gartner Data Center, Infrastructure and Operations Management conference in Las Vegas, NV. (A conference report can be found in the January 2017 Board materials.) During their visit, they also toured two potential out-of-state colocation facilities, noting their locations, potential hazards, infrastructure redundancies and other offerings and amenities. This information will be valuable in properly assessing responses to the forthcoming data center RFP.

### Background

At the September 2014 Strategic Planning meeting, OCERS' Board of Retirement directed staff to hire a business continuity consulting firm to provide professional services to assist in the development of a new BC/DR plan. The cost for the professional services was budgeted as part of the OCERS 2015 budget which was reviewed at the OCERS 2014 Budget Workshop and approved at the November 17, 2014 regular Board meeting. The total project was budgeted at \$2.3 million. During the 2014 Strategic Planning meeting, staff also received feedback from Board members to avoid the use of public cloud architecture for its core business application.

At the April 15, 2015 regular Board meeting, OCERS staff presented to the Board the results of the business continuity consulting services RFP. The Board approved staff's recommendation to acquire the services of Avalution Consulting for a cost of \$102,500 and procurement of the Catalyst online software solution at an annual cost of \$3,000. The Avalution project team began work in June 2015, conducting the business impact analysis and developing OCERS' business continuity and disaster recovery plan with staff, including a crisis management plan.

OCERS staff presented the methodology, deliverables and recommendations from Avalution Consulting to the Board at the October 19, 2015 regular Board meeting. Avalution's recommendations, based on industry best practices, were:

### 1. Identify Alternate Workspace

• Identify solution that can support all personnel required for response and recovery from a disruption.

### 2. Develop and Implement Disaster Recovery Capabilities

• Identify a suitable alternate location for the data center as well as develop and implement disaster recovery procedures to recover and relocate its network systems.

### 3. Develop and Implement a Crisis Management Structure

- Establish a crisis management team to lead the response to a disruption event.
- Implement and document strategies to address a loss of employees who perform critical activities and implement succession planning for critical personnel.
- Implement and validate (test) work from home or alternate location capabilities.
- Communicate and train OCERS staff on business continuity planning and procedures.

### 4. Develop and Document Manual Workarounds

• Document manual workarounds and alternate process procedures and make documents available by storing in Catalyst business continuity software.

At the October 19, 2015 Board meeting, staff presented to the Board the following next steps for the project:

- Develop annual BC/DR testing and maintenance schedule.
- Pursue and implement options for alternate workspaces for OCERS staff in case of disruption of service.
- Draft and implement redundant and high availability solutions for OCERS data center and pursue out of state co-location of OCERS data center.
- Establish communications systems including new Voice-over-IP phone system, to support member communications, reporting, and crisis management.
- Investigate cost and feasibility of building improvement options such power generators and new data center equipment (UPS, HVAC).

In June 2016, OCERS released a RFP for IT BC/DR implementation services which received four responses and culminated in the selection in July 2016 of Sidepath as our technology partner for this initiative.

At the 2016 budget workshop held on October 22, 2015, staff included \$2 million in the proposed budget for the continuation of the BC/DR project. The project budget was approved by the Board as part of the 2016 Administrative Budget at the November 16, 2015 regular Board meeting.

Staff then provided an update to the Board on the progress of the BC/DR project as described above as a consent item at the August 15, 2016 Board meeting.

At the October 17, 2016 regular Board meeting, staff presented the plan to move forward with the primary and secondary data center relocation, including detailed discussion on potential options. Staff recommended a hybrid (public/private) cloud architecture for the data center.

Most recently, at the November 14, 2016 regular Board meeting, the Board approved staff's recommendation to establish a hybrid (private/public) cloud infrastructure solution, relocate the primary OCERS data center to a local, professionally-managed facility, establish a secondary site out-of-state and implement a public cloud-based telephony system in order to enhance OCERS' business continuity and disaster recovery capabilities at a cost not to exceed the 2017 budgeted amount of \$1.235 million. At that meeting, the Board requested bimonthly status updates to be included in the consent agenda.

OCERS has defined a budget of \$1.235 million in 2017 to proceed with a hybrid cloud solution which includes the costs shown in Table 2.

### **Background/Discussion**

From December 5-9, 2016, Jon Gossard, Information Technology Manager, and Javier Lara, Information Technology Operations Supervisor, attended the 2016 Gartner Data Center, Infrastructure and Operations Management Conference in Las Vegas, NV. While in Las Vegas for the Gartner conference, they also visited two data center colocation facilities which may be considered as potential out-of-state business continuity and disaster recovery locations.

The total cost for both individuals' attendance is included in the following:

Conference Fee	Hotel	Transportation	Meals	Total
\$0*	\$2,907	\$238	\$200	\$3,345

\* Conference registration for two attendees is included in the cost of our annual Gartner subscription. The standard registration cost for this conference is \$2,750 per person.

As it is not presently pre-approved, OCERS' Travel Policy, Section 19, states:

"Board Members and staff who travel to conference or seminars that are not automatically authorized in paragraphs 8 and 12 shall file with the Chief Executive Officer a report that briefly summarizes the information and knowledge gained that may be relevant to other Board members, provides an evaluation of the conference or seminar, and provides a recommendation concerning future participation. Reports by a Board Member or staff will be made on the Conference / Seminar Report form shown in the appendix. The Chief Executive Officer shall cause a copy of the report to be distributed to each Board Member and to the Chief Investment Officer."

A report summarizing the conference is attached.

### Brief Summary of Information and Knowledge Gained:

This multi-day conference presented by technology research and advisory firm Gartner is designed for individuals who work in IT infrastructure and operations, servers, storage and backup, mobile, cloud and virtualization and data center networking. Mr. Gossard previously attended the conference in 2014 and found it to be a worthwhile conference that provided technological and philosophical roadmaps pertaining to the current and future direction of IT operations management. This years' conference was particularly timely given OCERS' current initiative to enhance our business continuity and disaster recovery preparedness by moving the OCERS data center to a professionally-managed external co-location facility. Mr. Gossard was joined this year by Javier Lara who will be leading many aspects of the data center migration. In addition to informative keynote speeches on the current state of infrastructure and operations management was a fascinating review of how hackers and con artists are able to manipulate users to gain access to computer networks. Other topics covered at this year's conference and on which we attended sessions were:

- Cloud security
- Cloud strategy
- Disaster recovery strategies
- Evolution of the data center
- Technology trends

In addition to these sessions, vendors were on hand to discuss and demonstrate their products. This allowed us to meet and discuss products with several vendors whom we currently utilize or will be incorporating into our technology infrastructure, including F5, VMware and Zerto.

### **Evaluation of the Conference or Seminar:**

This Gartner conference affords OCERS staff an opportunity to stay abreast of developments in the infrastructure and operations management sphere, ensuring that we are aware of the latest trends and are able to identify opportunities for maximizing IT operations efficiency. The conference is very well attended, allowing staff to interact with colleagues in many different lines of business and across all market capitalization levels. This is particularly useful as we like to see how others outside of the pension administration world handle similar issues to those faced by OCERS.

C-13a Travel Report – 2016 Gartner Data Center, Infrastructure and Operations Management Conference Regular Board Meeting 01-17-2017

# **Report of Attendance at Conference or Seminar**

The Gartner conference is also attended by a large group of vendors which offers staff the ability to be exposed to a number of hardware and software solutions that may have an impact in the OCERS technology environment.

### **Recommendation Concerning Future Attendance:**

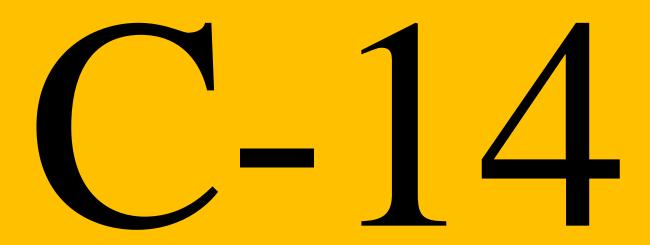

The Gartner Data Center, Infrastructure and Operations Management conference offers specific information that is of use to the IT Operations team to ensure that we are aware of current and upcoming trends in the infrastructure management area and allows us to plan for and leverage those emerging technologies in the appropriate circumstances. I would recommend that we attend this conference as needed based on the content planned for that particular conference and the current OCERS initiatives at the time of the conference.

# Memorandum

SUBJECT:	DIFFERENCES IN REGULATIONS, BYLAWS, POLICIES AND OCERS' ADMINISTRATIVE PROCEDURES
FROM:	Gina M. Ratto, Chief Legal Officer
<b>TO</b> :	Members of the Board of Retirement
DATE:	January 17, 2017

### Recommendation

Receive and file.

### **Background/Discussion**

Approximately a year and a half ago, OCERS began to publish for our stakeholder's edification OCERS Administrative Procedures (OAP). When we recently received an inquiry from our own fiduciary counsel asking how OCERS distinguishes between OAPs and other forms of administrative direction, Mr. Delaney thought it would be helpful for the Board and staff to be equally informed as to the differences between each, and how they are used at OCERS. This memorandum briefly explains the differences in regulations, bylaws, policies and OAPs.

### Regulations

Webster's New College Dictionary defines regulation as "1. An act of regulating. 2. A principle, rule, or law, designed for controlling or governing behavior. 3. A governmental order with the force of law." Black's Law Dictionary defines regulations as rules "issued by various governmental departments to carry out the intent of the law. Agencies issue regulations to guide the activity of those regulated by the agency and of their own employees and to ensure uniform application of the law." Regulations generally interpret, clarify and implement statutes.

Under the CERL, the OCERS Board may make any regulation that is not inconsistent with the CERL. The regulations do not become effective however until they are approved by the county board of supervisors. OCERS has very rarely adopted a formal regulation. A series of regulations interpreting CERL sections 31525 through 31527 was promulgated by OCERS in 1995 and is currently being reviewed for possible amendment. Another example of regulations adopted by OCERS is the series of regulations that implements various provisions of the Internal Revenue Code and Department of Treasury regulations applicable to OCERS.

### Bylaws

Bylaws are the written rules for conduct of a corporation, association, partnership or any organization. Unlike regulations, bylaws govern activities that are internal to the organization. They generally provide for meetings, elections of a board of directors and officers, filling vacancies, notices, types and duties of officers, committees, assessments and other routine conduct. Webster's New College Dictionary defines bylaw as "a rule or law governing the internal affairs of an organization." West's Encyclopedia of American Law defines bylaws as the

"rules and regulations enacted by an association or a corporation to provide a framework for its operation and management. Bylaws may specify the qualifications, rights, and liabilities of membership, and the powers, duties, and grounds for the dissolution of an organization."

The OCERS Board has adopted bylaws that provide for administration of the Board, including the election of officers, the appointment of an administrator and the expenses of administering the system; set forth details regarding the conduct of meetings of the Board; and provide authority to issue subpoenas.

#### Policies

The distinctions between policies and procedures are often confused. A policy states an objective or course of action, whereas a procedure is more detailed and entails who, what, where, when, why and how the policy may be implemented or followed.

Webster's New College Dictionary defines policy as "1. A plan or course of action, as of a government, political party, or business, designed to influence and determine decisions and actions. 2. A course of action, guiding principle, or procedure considered to be expedient, prudent, or advantageous." According to Black's Law Dictionary, policies are the "general principles by which a government is guided in its management of public affairs." OCERS has adopted numerous policies.

#### Procedures

Webster's New College Dictionary defines procedure as "1. A way of performing or effecting something. 2. A course of action. 3. A set of established forms or methods for carrying on the affairs of a business, legislative body, or court of law." OCERS has adopted seven separate OCERS' Administrative Procedures or OAP. The OAP are intended to provide members and other external parties with general information about how OCERS handles certain matters such as the administrative appeals process, death benefit payments on behalf of children aged 18 or older, division of retirement benefits upon divorce, felony forfeiture, military service credit purchases, required minimum distributions and use of the OCERS mailing list. Links to the OAPs are included on OCERS' website so that the OAPs are easily accessible to the public.

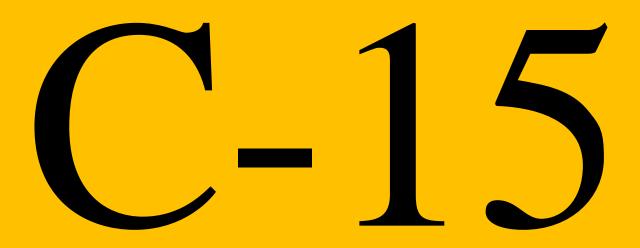

#### Summary

In summary, regulations interpret, clarify and implement statutes. They have the force of law and apply both internally and externally to those within the regulatory authority of the body. Bylaws govern the internal operations and activities of the organization. Policies set forth an objective or course of action; and procedures implement those policies.

SUBJECT: ILLUSTRATIONS OF RETIREMENT COSTS, UNFUNDED ACTUARIAL ACCRUED LIABILITY AND FUNDED RATIO UNDER ALTERNATIVE ECONOMIC SCENARIOS - REVISED

#### Recommendation

Received and file.

#### **Background/Discussion**

Annually, Segal prepares illustrations of retirement costs, unfunded actuarial accrued liability and funded ratios for the system as a whole and each rate group under three scenarios: the fund earns 0%, 7.25% and 14.5% in the current calendar year. The 2016 illustrations (based on the valuation dated December 31, 2015) was provided by Segal on August 25, 2016 and then distributed to plan sponsors and the Board in the following weeks. Recently, it was discovered that the projections needed to be restated for rate group #3 because the treatment of the additional UAAL payments received from Orange County Sanitation District were not accurately reflected in the projections. The attached letter is revised to correct the illustration of retirement costs, UAAL and funded ratios for rate group #3 and the results of those corrections on the aggregate system illustrations. No other rate groups or information was changed. This is an informational item only.

#### **Re:** Illustrations of Retirement Costs, Unfunded Actuarial Accrued Liability and Funded Ratio under Alternative Economic Scenarios – Revised

Dear Steve:

As we discussed with OCERS, this letter replaces the illustrations we previously provided in our letter dated August 25, 2016 to properly reflect all the contribution credits available on and after December 31, 2016 for additional UAAL contributions previously made to Rate Group #3.<sup>1</sup> We have also reflected that change in the results we previously provided for the aggregate plan. There are no changes in the results provided in our previous letter for the other Rate Groups.

As requested, we have developed 20-year illustrations of the employer contribution rates for OCERS under three sets of market return "scenarios" after December 31, 2015. In this letter, we have also provided the Unfunded Actuarial Accrued Liability (UAAL) in dollars and the funded ratio associated with those projected employer contribution rates. These results have been prepared using the results from the December 31, 2015 valuation approved by the Board at its meeting on July 18, 2016.

The three market rate of return scenarios are as follows:

- > Scenario #1: 0.00% for 2016 and 7.25% thereafter.
- > Scenario #2: 7.25% for all years.
- > Scenario #3: 14.50% for 2016 and 7.25% thereafter.

<sup>&</sup>lt;sup>1</sup> Since only part of the UAAL contribution credits were previously reflected, the contribution rates were overstated in the projection for Rate Group #3.

Benefits, Compensation and HR Consulting. Member of The Segal Group. Offices throughout the United States and Canada

Even though the financial impact is shown under only three hypothetical market return scenarios for 2016, the financial impact under other possible market return scenarios may be approximated by interpolating or extrapolating using the results from the three scenarios shown.<sup>2</sup>

The various projections included are as follows:

- > The projected contribution rates for the aggregate plan are provided in Attachment A.
- > The projected contribution rates for the ten Rate Groups are provided in Attachment B.
- > The projected UAAL and funded ratio for the aggregate plan are provided in Attachment C.
- The projected UAAL and funded ratio for the ten Rate Groups are provided in Attachments D through M.
- Also, we have included in Attachment N the projected contribution rates for the different plans within the ten Rate Groups.

This projection also reflects the potential employer savings as current employees leave employment and are replaced by new members covered under the tiers required by the California Public Employees' Pension Reform Act of 2013 (CalPEPRA) starting at January 1, 2013 (or January 1, 2015 for Rate Group #5). Please note that some of the changes made by CalPEPRA, such as the sharing of the total Normal Cost on a 50:50 basis, may result in employer savings for current employees under the legacy plans. As those changes have not been implemented by the employers and the bargaining parties at OCERS, we have not reflected them in this illustration.

#### METHODS AND ASSUMPTIONS

The methods and actuarial assumptions we used to prepare the employer contribution rates, the UAAL and the funded ratio are as summarized below:

- ➤ The illustrations are based on the actuarial assumptions and census data used in our December 31, 2015 valuation report for the Retirement Plan. With the exception of the market rates of return specified above, it is assumed that all actuarial assumptions would be met in the future and that there would be no change in the future for any of the actuarial assumptions adopted by the Board for the December 31, 2015 valuation.
- The detailed amortization schedule for OCERS' UAAL as of December 31, 2015 is provided in the valuation report. Any subsequent changes in the UAAL due to actuarial gains or losses (e.g., from investment returns on actuarial value greater or less than the assumed 7.25%) are amortized over separate 20-year periods.

<sup>&</sup>lt;sup>2</sup> For example, a hypothetical market return of 3.625% (i.e., one-half of 7.25%) is expected to result in a change in employer's contribution of about one-half of the difference between those shown for Scenarios #1 and #2, starting with the December 31, 2016 valuation.

- An adjustment has been made in the illustrations to reflect the long-term impact on OCERS of the three-year phase-in of the cost increase due to the changes in actuarial assumptions adopted by the Board for the Safety Rate Groups, starting with the December 31, 2014 valuation.
- Within Rate Group #2, the City of San Juan Capistrano adopted Plan W (1.62% @ 65 formula) effective January 1, 2016. For members with membership dates on or after January 1, 2016, they will be allowed to elect Plan W in lieu of Plan U (2.5% @ 67 formula). For the purposes of these illustrations, we have made a simplifying assumption that all new employees from the City will elect Plan U. To the extent that some of those employees elect Plan W, they will provide a cost savings to the City equal to 1.67% of payroll for those employees.
- CalPEPRA prescribes new benefit formulas for members with a membership date on and after January 1, 2013 (or January 1, 2015 for Rate Group #5). For Rate Groups #1, #3, #9, #10 and #11, we have estimated the Normal Cost savings<sup>3</sup> associated with the enrollment of those employees under the new 2.5% at 67 formula. We have also estimated the changes in employee contributions in accordance with Section 7522.30 of CalPEPRA (i.e., 50:50 sharing of the total Normal Cost with the new employees).

Within Rate Group #2, only the County's attorneys, San Juan Capistrano employees (who are not assumed to elect Plan W as discussed earlier in this letter) and OCERS Management employees will receive the 2.5% at 67 formula while all other new employees in Rate Group #2 will receive the "new" 1.62% at 65 formula.<sup>4</sup> We assumed that the proportion of the payrolls from the County's attorneys, San Juan Capistrano employees and OCERS Management employees who will receive the 2.5% at 67 formula instead of the "new" 1.62% at 65 formula in the future would remain unchanged from that observed at the December 31, 2015 valuation. As of December 31, 2015, payroll for active members under the 2.5% at 67 formula in these three categories represented about 5.0% of the combined payroll for members under either the 2.5% at 67 formula or the "new" 1.62% at 65 formula in Rate Group #2. We have estimated the Normal Cost savings<sup>5</sup> associated with the enrollment of new members under the two new formulas. We have also estimated the changes in employee contributions in accordance with Section 7522.30 of CalPEPRA.

<sup>&</sup>lt;sup>3</sup> To estimate the savings, we have made a simplifying assumption that there will be a shift in the proportion of payroll such that current active members would be replaced over 20 years (starting in 2013 or starting in 2015 for Rate Group #5) by new members under 2.5% at 67 on a prorated basis.

<sup>&</sup>lt;sup>4</sup> The "new" 1.62% at 65 formula is the CalPEPRA Plan T.

<sup>&</sup>lt;sup>5</sup> To estimate the savings, we have made a simplifying assumption that there will be a shift in the proportion of payroll such that current County's attorneys, San Juan Capistrano and OCERS Management active members would be replaced over the next 20 years (starting in 2013) by new members under 2.5% at 67 on a prorated basis. All other active members would be replaced over 20 years (starting in 2013) by new members under 1.62% at 65 on a prorated basis.

For Rate Group #6, #7 and #8 members with a membership date on and after January 1, 2013, we have estimated the Normal Cost savings<sup>6</sup> associated with the enrollment of those members under the new 2.7% at 57 formula. We have also estimated the changes in employee contributions in accordance with Section 7522.30 of CalPEPRA.

We note that at the end of the third calendar year (i.e., 2015) since the implementation of CalPEPRA, approximately 13% of the members of OCERS are enrolled in the CalPEPRA plans based on payroll. Even though this is generally in line with the 15% replacement we would have anticipated using our simplifying assumption of 20-year prorata replacement by such new members, we tested the sensitivity on the aggregate employer contribution rate if a 25-year assumption is used instead of a 20-year assumption. Under the 25-year assumption, the aggregate employer contribution rates provided in Attachment A would have been higher by about 0.1% of payroll each year starting with the December 31, 2016 valuation (or about 1.5% of payroll cumulatively by 2034).

- We understand that, with the exception of new members who would be covered under the "new" 1.62% at 65 formula, in the determination of pension benefits under the CalPEPRA formulas the maximum compensation that can be taken into account for new members on and after January 1, 2016 is equal to \$140,424 in 2016. To the extent this provision will limit compensation of the new members, our assumption that the total payroll will increase by 3.50% each year over the projection period (for use in determining the contribution rate for the UAAL) may be overstated somewhat. Under that scenario, there will be an increase in the UAAL contribution rate as the amount required to amortize the UAAL will have to be spread over a somewhat smaller total payroll base.
- Other than the above adjustments to the Normal Costs from the new CalPEPRA formulas, we have not included any other adjustments for the pre-CalPEPRA members such as the anticipated reduction in proportion (and hence in the associated Normal Cost) of existing Tier 1 active members (with pension benefits based on final one year average formula) relative to the increase in proportion of existing Tier 2 active members (with pension benefits based on final three year average formula) for members in any Rate Group.

#### **OTHER CONSIDERATIONS**

Projections, by their nature, are not a guarantee of future results. The modeling projections are intended to serve as illustrations of future financial outcomes that are based on the information available to us at the time the modeling is undertaken and completed, and the agreed-upon assumptions and methodologies described herein. Emerging results may differ significantly if the actual experience proves to be different from these assumptions or if alternative methodologies are used. Actual experience may differ due to such variables as demographic experience, the economy, stock market performance and the regulatory environment.

<sup>&</sup>lt;sup>6</sup> To estimate the savings, we have made a simplifying assumption that there will be a shift in the proportion of payroll such that current active members would be replaced over 20 years (starting in 2013) by new members under 2.7% at 57 on a prorated basis.

Rates shown above have been adjusted for the three-year phase-in of the cost increase due to the change in actuarial assumptions adopted by the Board starting with the December 31, 2014 valuation for Safety Rate Groups.

In addition, based on the demographic profile of the members in Rate Group #11 reported as of December 31, 2015, the normal cost rate for the CalPEPRA plan is actually higher than the normal cost rate for the legacy plan which causes the total employer contribution to increase over time.

Finally, rates shown above have <u>not</u> been adjusted for employers with future service only benefit enhancement.

Rates shown above have been adjusted for the three-year phase-in of the cost increase due to the change in actuarial assumptions adopted by the Board starting with the December 31, 2014 valuation for Safety Rate Groups.

In addition, based on the demographic profile of the members in Rate Group #11 reported as of December 31, 2015, the normal cost rate for the CalPEPRA plan is actually higher than the normal cost rate for the legacy plan which causes the total employer contribution to increase over time.

Finally, rates shown above have not been adjusted for employers with future service only benefit enhancement.

Rates shown above have been adjusted for the three-year phase-in of the cost increase due to the change in actuarial assumptions adopted by the Board starting with the December 31, 2014 valuation for Safety Rate Groups.

In addition, based on the demographic profile of the members in Rate Group #11 reported as of December 31, 2015, the normal cost rate for the CalPEPRA plan is actually higher than the normal cost rate for the legacy plan which causes the total employer contribution to increase over time.

Finally, rates shown above have <u>not</u> been adjusted for employers with future service only benefit enhancement.

#### From Steve Delaney

To the members of the OCERS Board of Retirement,

Below is an invitation to attend the IREI conference. The IREI conference is a OCERS Board pre-approved conference.

A number of Trustees have attended in the past, especially as it is somewhat local (Carlsbad).

If you are interested in attending, simply contact Cammy and she can make the arrangements.

To the members of the OCERS Board of Retirement,

During yesterday's Audit Committee meeting, Trustee Beckett pointed out to me that there was a small but important error in Item I-2 of the December 19 OCERS Board of Retirement agenda materials.

At the end of the second paragraph I state that the Vice Chair election for 2017 "would be one of the <u>appointed</u> members." We reuse this memo every year, and while updating it, I missed that one statement. As Mr. Ball is an appointed member, and becomes Chair automatically in 2017, the Vice Chair candidate for 2017, per Board policy, is limited to a member from "different groups", i.e. the <u>elected</u> members.

My apologies, we will correct the memo.

To the members of the OCERS Board of Retirement,

With CalPERS having voted yesterday to lower its assumed earnings rate in phases to 7%, we had received a number of inquiries from an Orange County Register reporter about OCERS and its approach.

Assuming that our members would have similar questions, we have crafted a statement that with Chair Hilton's approval has now been posted to our website:

http://www.ocers.org/pdf/latestnews/assumed\_rate\_of\_return\_dec22\_2016.pdf

We will refer the reporter to that information to assist him in his reporting.

Happy Holidays to all.

The following is my regular monthly summary of OCERS staff activity, starting with an overview of key customer service statistics as well as activity highlights followed by updates for the month of NOVEMBER 2016.

#### **CUSTOMER SERVICE**

The top three questions in the month of November as received by OCERS' counseling staff:

# Need assistance with the Member Self-Service Portal due to account lock out.

We routinely receive calls from members using the Member Self Service Portal. When users enter incorrect passwords repeatedly, they are automatically locked out of their online account. They receive a message to call OCERS for assistance. Member Services staff have the ability to unlock the account. Prior to doing so, we confirm identity with security questions unique to the account holder. Examples of information we confirm are current or former employer and position held, birthdate of spouse, name and date of birth of nominated beneficiary, middle name, etc. As of 12/8/16, we have 14,171 registered accounts in V3. (At the time of conversion, OCERS had 22,000 registered accounts in the now defunct Member Information Center (MIC) self-service portal).

Each year OCERS' telephone call volume increases with questions about changing retiree health care premiums and grants. This year the calls are higher with the transition of a new health care vendor for the County of Orange, Secova (*from current vendor Xerox*). OCERS staff has been working closely with the new vendor and County to educate Secova and facilitate the change - we've been working with both vendors since May of 2016. Secova assumed the open enrollment process and there have been delays and some processing errors such as posting incorrect telephone numbers, website inaccuracies, data issues, etc. The new vendor sometimes erroneously refers their callers to us, and in turn we've partnered with the County to send these calls to them for remediation.

#### How do I calculate my retirement benefit?

Staff explain the components used in calculating a benefit: plan formula x age factor x service credit x final average salary = monthly benefit amount. We advise members of the tools available to them on our website - the benefits calculator as well as the member self-service portal. Of the two, the portal benefit estimator uses the member's actual account information to provide accurate estimates the member can run anytime. When members submit retirement applications, we routinely provide a comprehensive benefit estimate reflecting the monthly benefit with the retirement date they elect.

# <u>ACTIVITIES</u>

#### **OUTREACH TO ORANGE COUNTY LEGISLATORS**

Each year I work with one or more Trustees to meet with members of the Orange County legislative delegation. Our goal is always the same, to ensure our local delegation in Sacramento keeps in mind that OCERS is a separate entity from CalPERS, while also reminding legislators that they can always call upon OCERS staff to assist in clarifying any pension-related issue or question that may come before them. This year it was Mr. Hilton who once again joined me, and due to timing constraints we limited our efforts to reaching those who were available while back in Orange County at their local district offices.

On November 4 we met first with Senator Nguyen. The senator has long had a special interest in OCERS, and reviewed with us the limited number of pension-related bills that came across her desk this year. Expressing no concerns regarding OCERS at this time, we assured her that we would be providing background when pension bills are introduced in the next session.

On November 30, in the morning, we met with Senator Bates. Concerned with pension liabilities, we had a good and spirited discussion. The senator made clear that while she is not a fan of defined benefit plans in general, preferring defined contribution plans for public employees, she had no issues with OCERS and its administration, and appreciated the efforts made by our Trustees on behalf of our membership.

Later that same day, we held our final meeting of this outreach effort, meeting with Assemblyman Harper. The assemblyman is well tuned to OCERS, having participated in a number of our monthly "OCERS Update" meetings while serving as Deputy Chief of Staff to then County Supervisor Nguyen, as well as our annual "OCERS Year in Review" meetings. The assemblyman was very upbeat in our conversation, and appreciated the reminder that OCERS staff could be looked to as yet another informational resource when dealing with pension issues.

#### MEMBER SERVICES – A SURVIVOR'S TALE

When out in the community, members will often stop me upon learning that I am with OCERS to comment on the great customer service they have received from OCERS staff, which of course reflects well on all of us. The tale that follows, as related at my request by Catherine Fairley of Member Services, is an example of that kind of special effort and how it is received by our membership:

In April of 2016, OCERS member Minh Mai and her new husband Barry Stroh came to OCERS' headquarters to provide their marriage certificate and get acquainted with available survivor benefits as the member was gravely ill. OCERS staff reviewed the marriage certification from the County Clerk's office and marriage ceremony from the pastor and noted they had different dates. We advised that as the member was married after she retired, they had to be married at least two years prior to her passing in order for Mr. Stroh to be eligible for survivor benefits. Using the County's document the two year requisite was not met, while using the pastor's certificate it was. The member was distraught and said she would try to stay alive long enough for her husband to receive a benefit. Staff reassured her of our positive intentions, but the challenge we faced in providing legal benefits, and encouraged them to pursue our appeal process. Sadly, the member passed away in May. Staff initially denied survivor benefits, the survivor appealed, and with OCERS Legal staff opining after extensive research that the putative spouse doctrine applied (intention and acting as if legally married), Mr. Stroh as the survivor was considered an eligible spouse. The spouse was overwhelmed and grateful. He told me he was truly amazed by the professionalism and compassion all our staff demonstrated in each encounter.

Weeks after the appeal decision had been communicated Mr. Stroh called me and offered his services to OCERS the agency as a professional magician/entertainer for our annual year-end event. While we ultimately had to decline his kind offer, we were very appreciative of his desire to give the gift of joy to all staff.

#### NATIONAL ASSOCIATION OF PUBLIC PENSION FUND AUDITORS CONFERENCE

On November 7 I was invited to deliver some opening remarks to the NAPPFA conference being held in Marina Del Rey. While sharing some of my own observations of the humorous things people say in Southern California that one isn't likely to hear elsewhere in the country, I also used the opportunity to

caution them to be cognizant of small plan sponsors with declining payrolls, similar to the issue we have encountered with the Orange County Department of Education.

# **UPDATES**

#### **NOVEMBER STAFFING SUMMARY**

Ms. Hockless provides the following summary of November's staffing activities:

To keep pace with the agency's heavy workloads, the Board approved the addition of one new classification in the Information Technology department, added five positions in the Member Services department and changed a position from part-time to full-time in the Administrative Services department. The Finance department received departure notices from two Accounting Technicians, effective early December. The Administrative Services department is scheduled to test for the Accounting Technician position in mid-January and anticipates filling the six vacant positions after the testing process is completed. Also in November, the agency received a resignation notice from the Chief Investment Officer, effective January 5. This recruitment is scheduled to open in early January 2017. As of November 30, the agency had a total of 12 employees leave OCERS employment in calendar year 2016 (8 voluntary resignations, 3 terminations and 1 probationary release). The current year-to-date turnover rate is rounded to 17%. This is calculated by dividing the number of employees that left the agency by the number of employees on payroll. At the time of this report, OCERS has 75 budgeted positions and 68 employees on payroll. Effective January 1, 2017, OCERS headcount will change from 75 to 79 budgeted positions with 27 OCERS Direct and 52 County positions.

#### Memorandum

DATE: January 5, 2017

TO: Members, Board of Retirement

FROM: Brenda Shott, Assistant CEO, Finance and Internal Operations

SUBJECT: MEMORANDUM OF UNDERSTANDING WITH ORANGE COUNTY SANITATION DISTRICT

#### Recommendation

Adopt Resolution 17-001 Memorandum of Understanding with the Orange County Sanitation District Regarding Payment of Unfunded Accrued Actuarial Liabilities.

#### Background/Discussion

On November 1, 2016, Orange County Sanitation District (OCSD) made an Unfunded Accrued Actuarial Liability (UAAL) payment totaling \$39,116,110 which payed off both OCSD's UAAL and their proportionate share of deferred losses not yet recognized in the December 31, 2015 actuarial valuation (due to smoothing). As a result of the OCSD paying off their UAAL and making the additional payment on the deferred losses, Segal recommended that a bookkeeping account be created because the deferred losses are not yet part of the UAAL as reported in the December 31, 2015 Actuarial Valuation. The bookkeeping account provides a mechanism to track the contributions made related to the deferred losses. The balance in the account will not be included immediately as valuation assets and therefore will not be used as part of the calculation of UAAL as of December 31, 2016. Instead, the balance in the account will be used to offset UAAL as it is recognized in future valuations. The Board of Retirement approved the book keeping account at its December 19, 2016 meeting with direction to staff to memorialize the terms and conditions under which the OCERS shall recognize and apply the balance in the new bookkeeping account in future valuations.

OCERS Fiduciary Counsel, Harvey Leiderman, Partner, Reed Smith, drafted a Memorandum of Understanding that specifies how the contributions made by OCSD will be accounted for by OCERS including how interest will be applied and when balances in the bookkeeping account will be moved out of the account and become valuation assets to cover UAAL. Mr. Leiderman also drafted Resolution 17-001 which, if approved, will give the CEO the authority to execute the MOU between OCERS and OCSD. Both documents were reviewed by staff and OCERS internal counsel and have been forwarded to OCSD for their review and comment. Once the documents are in substantial final form they will be distributed to the Board.

#### MEMORANDUM OF UNDERSTANDING

This Memorandum of Understanding ("MOU") is entered into effective the 1st day of November, 2016, by and between the Orange County Employees' Retirement System ("OCERS") and the Orange County Sanitation District ("District"), by and through the parties' respective governing bodies.

WHEREAS, OCERS is a multiple employer trust fund that provides retirement, disability and other benefits to the active, deferred and retired employees of the County of Orange, the District and other participating employers, and their beneficiaries; and

WHEREAS, The Board of Retirement of OCERS has the sole, exclusive and plenary constitutional and statutory authority to administer the retirement system and invest the funds of the system for the benefit of its members and their beneficiaries; and

WHEREAS, as a participating employer in OCERS, District contributes to OCERS on an annual basis such contributions as OCERS determines are due and payable to OCERS from District, as an employer, to help fund the benefits referred to above; and

WHEREAS, District's annual contributions as determined by OCERS currently are calculated as a percentage of pensionable payroll that includes both a normal contribution rate ("Normal Cost") and a rate that reflects the amortization of an unfunded accrued actuarial liability attributable to District, pursuant to Government Code sections 31453 and 31453.5; and

WHEREAS, as of November 1, 2016, the total unfunded accrued actuarial liability attributable to the District ("UAAL") was \$5,587,004; and

WHEREAS, as of November 1, 2016, an additional unfunded accrued actuarial liability attributable to District on the books of OCERS totaled \$33,529,106 ("Deferred UAAL"), which amount has been deferred and is projected to be due and payable by the District in amortizing installments commencing July 1, 2018; and

WHEREAS, the amortizing installments of District's Deferred UAAL in any future year may be more or less than the total unfunded accrued actuarial liability attributable to the District in such future year ("Actual UAAL"); and

WHEREAS, on or about November 1, 2016, the District contributed the sum of \$39,116,110 to OCERS in full satisfaction of its UAAL and Deferred UAAL ("Contribution"); and

WHEREAS, the District and OCERS wish to enter into this MOU to set forth the terms and conditions under which the OCERS shall recognize and apply District's Contribution; and WHEREAS, each of the governing bodies of OCERS and District has duly adopted a resolution formally accepting the terms and conditions of this MOU and authorizing its executive officer to execute this MOU on its behalf. Copies of such resolutions are attached hereto and made a part hereof by this reference.

NOW THEREFORE OCERS and the District agree as follows:

1. <u>Crediting of UAAL Portion of Contribution</u>. OCERS agrees to credit \$5,269,445 of the Contribution towards the District's UAAL as of December 31, 2015, due and payable by District to OCERS as part of its total contribution for the period July 1, 2017 through and including June 30, 2018. OCERS further agrees to credit \$317,559 of the Contribution towards the District's UAAL as of December 31, 2016, due and payable by District to OCERS as part of its total contribution for the period July 1, 2018 through and including June 30, 2019. No portion of the Contribution shall be credited towards the Normal Cost portion of the District's employer contribution for such periods. OCERS shall further recognize the above credits in all financial statements and other reports prepared in accordance with generally accepted accounting principles and as required by the Government Accounting Standards Board. Upon being credited, these amounts shall be considered as "valuation assets" to be counted against the liabilities.

#### 2. <u>Crediting of Deferred UAAL Portion of Contribution</u>.

A. Effective November 1, 2016, OCERS shall establish a reserve account on its books and records ("OCSD Reserve Account") and shall credit the portion of the Contribution that represents payment of the District's Deferred UAAL, in the amount of \$33,529,106, to the OCSD Reserve Account.

B. Commencing as of December 31, 2016 and annually thereafter until there is no remaining balance of funds in the OCSD Reserve Account, OCERS shall transfer from the OCSD Reserve Account into OCERS' Employer Reserve Account the amount necessary to satisfy the Actual UAAL attributed to the District, as determined by OCERS pursuant to Government Code sections 31453 and 31453.5. The intent of this transfer is to ensure that the District's future annual employer contribution obligation to OCERS shall consist of either the Normal Cost portion only, or the Normal Cost and amortizing installments of only such amount of future Actual UAAL that exceeds the amount of funds remaining in the OCSD Reserve Account.

C. The amounts in the OCSD Reserve Account from time to time shall not be considered "valuation assets" on OCERS' books and records. Such amounts shall not be counted in calculating the District's share of future Actual UAAL, but shall be held and transferred only as described in Par. 2.B above.

D. OCERS shall not credit any amount of the OCSD Reserve Account to the District's Normal Cost portion of its annual employer contribution at any time. The District shall remain responsible for making its full Normal Cost contributions to OCERS as determined from time to time.

3. <u>Commingling of Funds</u>. Upon crediting by OCERS, all amounts of the Contribution shall be commingled with all other funds and assets of the OCERS' trust fund, to be administered, invested and disbursed within the sole, exclusive and plenary authority of the OCERS' Board of Retirement, as provided by law. None of the Contribution shall remain property of the District, nor shall any such funds be disbursed to or on behalf of the District for any purpose other than the payment of benefits to OCERS' members and administrative and investment expenses of the retirement system.

4. <u>Crediting of Interest</u>. OCERS shall credit (or debit) interest to the OCSD Reserve Account at the actual annual rate of return (or loss) experienced by OCERS' entire trust fund on a calendar year basis. Interest crediting (or debiting) for the calendar year shall occur on or before March 31 of each subsequent year, on the balance in the OCSD Reserve Account as of December 31 of the immediately preceding year.

#### 5. OCERS' Sole Right to Determine Contributions and Appropriations.

Notwithstanding any provision in this MOU to the contrary, the parties acknowledge and agree that OCERS has the sole, exclusive and plenary authority to determine employer and employee contribution rates and appropriation amounts; that OCERS may change, amend or otherwise alter its practices and policies regarding the setting of contribution rates and amounts of appropriations to be made by its participating employers, including but not limited to District; and that District is obligated to make the contributions and appropriations required by OCERS, all as provided by law.

#### 6. <u>Additional Provisions</u>.

A. This MOU shall be governed by and interpreted under the laws of the State of California applicable to contracts made and to be performed entirely within the State.

B. This MOU sets forth the entire agreement between OCERS and District with regard to the subject matter herein, and fully supersedes any and all prior agreements and understandings between them pertaining to the subject matter of this MOU. The parties agree that no change to or modification of this MOU shall be valid or binding unless it is in writing and signed by an authorized signatory for each of the parties.

C. The language of all parts in this MOU shall be construed as a whole, according to its fair meaning, and not strictly for or against either party. Should any provision in this MOU be declared or determined to be illegal or invalid, the validity of the remaining parts, terms, or provisions shall not be affected and the illegal or invalid part, term, or provision shall be deemed not to be part of this

MOU, and all remaining provisions shall remain valid and enforceable. The parties further agree that in the event any provision of this MOU is held to be illegal or unenforceable, each will fully cooperate with the other to effectuate its purpose to conform the provision(s) to law.

D. This MOU is deemed to have been drafted jointly by the parties. Any uncertainty or ambiguity shall not be construed for or against any party, since both parties have participated in the negotiations and drafting of this MOU.

E. This MOU may be executed in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. Furthermore, signatures delivered via electronic transmission shall have the same force, validity and effect as the originals thereof.

F. Should any dispute arise between the parties as to their respective rights and obligations under this MOU, the parties will make a good faith effort to resolve their differences informally and without resort to legal process. Should any such dispute remain unresolved after 90 days after one party notifies the other party in writing of the dispute (unless shortened or extended by mutual agreement of the parties), either party may commence legal action as provided by law to resolve the matter. In any such legal action, the prevailing party shall be entitled to an award of its reasonable attorneys fees and costs of suit.

7. <u>Term</u>. This agreement shall terminate and be of no further force or effect at such time as there is no remaining balance in the OCSD Reserve Account.

Resolution No. 17-001 Adopted by the Board of Retirement January 17, 2017

#### BOARD OF RETIREMENT ORANGE COUNTY EMPLOYEES' RETIREMENT SYSTEM

#### Subject: Memorandum of Understanding with Orange County Sanitation District

- WHEREAS, as a participating employer in the Orange County Employees' Retirement System ("OCERS"), the Orange County Sanitation District ("District") contributes to OCERS on an annual basis such contributions as OCERS determines are due and payable to OCERS from District, as an employer, to help fund the retirement and other benefits due to District employees and their beneficiaries; and
- WHEREAS, District's annual contributions as determined by OCERS currently are calculated as a percentage of pensionable payroll that includes both a normal contribution rate ("Normal Cost") and a rate that reflects the amortization of an unfunded accrued actuarial liability attributable to District, pursuant to Government Code sections 31453 and 31453.5; and
- WHEREAS, as of November 1, 2016, the total unfunded accrued actuarial liability attributable to the District ("UAAL") was \$5,587,004; and
- WHEREAS, as of November 1, 2016, an additional unfunded accrued actuarial liability attributable to District on the books of OCERS totaled \$33,529,106 ("Deferred UAAL"), which amount has been deferred and is projected to be due and payable by the District in amortizing installments commencing July 1, 2018; and
- WHEREAS, the amortizing installments of District's Deferred UAAL in any future year may be more or less than the total unfunded accrued actuarial liability attributable to the District in such future year ("Actual UAAL"); and
- WHEREAS, on or about November 1, 2016, the District contributed the sum of \$39,116,110 to OCERS in full satisfaction of its UAAL and Deferred UAAL ("Contribution"); and
- WHEREAS, the District and OCERS wish to enter into a Memorandum of Understanding (MOU) to set forth the terms and conditions under which OCERS shall recognize and apply District's Contribution.

RESOLVED, Resolution 17-001 is adopted to read as follows:

Pursuant to its constitutional and statutory authority to administer OCERS, the Board of Retirement of OCERS hereby approves the Memorandum of Understanding ("MOU") attached hereto and made a part hereof; and

The Board of Retirement further authorizes OCERS' Chief Executive Officer to execute the MOU on behalf of OCERS in the form and substance attached hereto and to do all things reasonably necessary to cause the MOU to become effective and be implemented according to its terms, in a timely manner, as further provided in the MOU.

#### ATTESTED TO:

I hereby certify that on the 17<sup>th</sup> day of January, 2017, the Board of Retirement of the Orange County Employees' Retirement System adopted this Resolution.

#### Memorandum

SUBJECT: OCERS INNOVATIONS AND EMPLOYEE STAFF AWARDS

#### Recommendation

Receive and File.

#### Background/Discussion

Throughout 2016 OCERS management and staff alike have been on the watch for opportunities to innovate the way we do our work, or to at least improve existing processes in order to obtain a benefit – faster turnaround time, lower costs, greater accuracy, etc. The conversion to V3 from Pension Gold has provided us with many opportunities to rethink and reprogram how we get things done effectively and efficiently.

The Government Finance Officers Association (GFOA) commented in a 2009 news article on the value of maintaining an innovative outlook in government with a word of caution:

"Local governments need to worry more about creating and sustaining an innovation-friendly administrative environment than about attempting innovations because they are in vogue somewhere else. A new fad is not necessarily what will work well for your specific organization. When Peters and Waterman described how their organizations brought about innovations, they found that these companies created the right atmosphere and conditions to allow innovative thinking to flourish."

When implementing innovation and improving processes at OCERS, it's not about doing more with less; it's about doing better with the resources we have. We are not looking for complex strategies, which often add confusion; instead we look to make straightforward simple change and improvement that creates results.

On January 17, I have asked several of our managers and staff members to speak briefly to innovations or process improvements they have helped undertake over the course of the past year, reflective of the innovative and creative thinking we seek to encourage at OCERS.

We will begin the presentation with an introduction of our winners of the Employee and Manager of the Year, as well as the Innovator of the Year.

## **Future Opportunities**

- Office Supply Request System
- Personnel Records Management
- Disability Case Tracking
- Training Database
- Emergency Contact Information Management
- Payroll Logging and Tracking
- IT Asset Tracking Database
- Enterprise Task Management Solution

# **Administrative Services**

## **Problem Statement**

- Paper PAN Forms are a pain!
  - Employees and Payroll Staff must chase down managers for signatures
  - Reconciling timecards with approved PANs is a tedious and manual process

 Historical PAN records are paper copies and collecting dust in a filing cabinet

## **The Solution: e-PAN**

- Electronic PAN Forms Solve these problems
  - Manager approval captured via electronic workflow
  - Managers approve from anywhere with network access
  - Reconciliation report saves time and enables comparison with VTI
  - Summary reports on historical data make it easy to audit records

## e-PAN Form Details

- System Interface Mimics VTI
- Reporting Features Enable Visibility
- Archiving System
   Captures All History
- Timeliness and Accuracy Improved

## **Project Update**

- Project implementation at 85%
  - Input 106 vendors and their contracts 91%
  - Configuring Reports, Alert Notifications & vendor Questionnaires
- Expected completion by end of 1<sup>st</sup> Quarter

# **Legal Innovations**

## **Disability Appeals Improvements**

- Opportunity:
  - Greatly reduce the time it takes to bring a disability retirement (DR) appeal to hearing
  - Increase the number of DR appeal hearings held each month
  - Increase efficiencies in preparing the record for hearing
  - Track and monitor the progress of DR appeals

- Standardized what will be included the Administrative Record (AR) for every DR appeal
- Instituted timeline goals and revised division of labor among the Legal Department staff
- The AR will now be prepared and distributed in electronic format
- Enhanced reporting and monitoring of cases and their resolution

- Paralegal now prepares the initial AR within two weeks of receipt of the appeal by the Legal Dept.
- Staff attorney reviews and revises the initial AR

   within two weeks of receipt of the AR from
   the paralegal
- Paralegal Bates stamps and redacts personal information from the AR and sends the file to the hearing officer and member to set hearing

- Under the new process, the time it takes to bring a DR appeal to hearing will be greatly reduced
- The process of preparing the AR as an electronic record will be much more efficient, and will save staff time and paper
- The progress of cases will be tracked and monitored

Communications: PRA Tracking System Overview

## **Problem Statement**

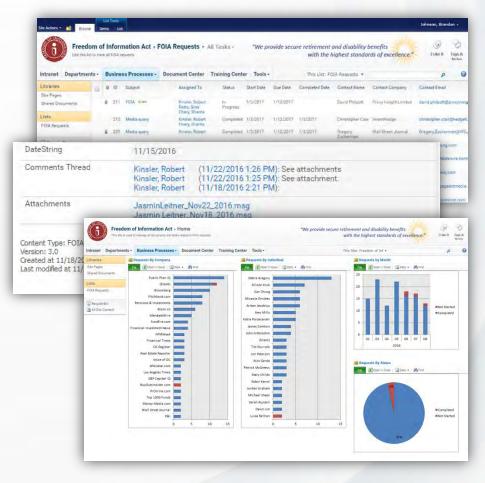

- Every PRA request must be handled in a timely manner
  - Number and complexity of requests has been increasing
  - Responses require input and actions from multiple departments
  - Tracking tool must be available agency-wide
  - Ensure no requests fall through the cracks!

### **Solution: PRA Tracking Database**

- PRA Tracking on Intranet Solves These Problems
  - Cross-departmental access and communication
  - Attachment of original email messages enables visibility
  - Threaded comments of all parties enables better communication
  - Dashboard reporting shows average time to closure and overall status

## Conclusion

- System a Major Success!
  - All historical PRA Records have been imported into the system
  - Over 200 PRA Requests
     tracked since Feb. 2016
  - Tool enables OCERS to ensure that all requests are handled and responded to within legal requirements

### **Member Services Innovations**

### **Staffing and Training**

- Acquired accounting positon from finance – sole focus service purchase calculations

# **Disability Innovations**

### **Disability Innovations**

- Written policies and procedures were updated to incorporate V3 functionality
- Resumed professional development by attending CALAPRS retirement program courses.

### **Disability Innovations**

- Participated in security awareness training
- Collaborated with IT department to improve disability case status sheet.
- Created electronic files for OCERS panel physicians.

# **Internal Audit Innovations**

### **Internal Audit**

- Service credit purchases audit: recommended OCERS implement work in process summary reporting and improve service buyback datasheet.
- Wire transfer audit: recommended that before sending a wire request to State Street to fund a new manager or rebalance the investment portfolio, Investments obtain approval from authorized initiators in Finance.
- Private equity audit: recommended Investments provide Finance with expected management fees and Finance compare these fees against statements, and Finance ensure State Street includes stated fees in information for journal entries.
- Death process audit: recommended OCERS download member deaths from Small World and compare with V3's membership data, and improve data security controls.
- V3 conversion audit: first system-wide audit of all data in OCERS' pension administration system and testing of key reports.

## **Finance Innovations**

#### **Finance Innovations**

- As a result of the implementation of V3, staff gained a better understanding of how Member Services processes retiree payroll, resulting in Finance working more closely with Member Services and creating a detailed reconciliation process related to the monthly processing of retiree payroll.
- As part of taking over the processing of deduction files, Finance instituted a procedure that requires third party payroll vendors to provide control totals for deduction files in advance of processing monthly payroll. This allows staff to identify file errors proactively instead of reactively.
- Implemented an ACH/Positive Pay File log so that all ACH/Positive Pay files are reviewed independently by a Manager or above to ensure amounts and pay dates are correct prior to submission of files to bank's secure portal.
