# OCERS Compensation Philosophy 

## Purpose and Background

1. The philosophy behind the Orange County Employees Retirement System 's ("OCERS") compensation program is to create a pay structure with the goal of attracting, developing and retaining strong leaders who support OCERS' mission and values. We believe our compensation program is a management tool that when aligned with an effective communication plan is designed to support, reinforce, and align our values, business strategy, operation \& financial needs through professional and proficient staff that provide secure retirement benefits to our members with the highest standards of excellence.

The underlying philosophy governing OCERS' compensation program is designed to accomplish the following:

- Provide pay levels that are externally competitive among peers within our industry and within published market data for similar sized governmental organizations.
- Recognize and reward individual performance, initiatives, growth in job proficiency and achievement of stated goals.
- Provide management the flexibility to make compensation decisions within budgetary guidelines.

In alignment with our organization's culture, we will strive to communicate openly about the goals of the agency and the design of the compensation program. The compensation process is intended to be fair and uncomplicated so that all employees and managers understand the goals and the outcome of the process.

## Compensation Strategy

2. Total Compensation of OCERS employees includes both cash compensation and benefits. OCERS' Board of Retirement is responsible for approving salary ranges for each authorized position. The CEO is responsible for managing salaries within the approved salary ranges. The CEO will use the following process:

- In November of each year, or other time of year as determined by the Chief Executive Officer, each Executive, Management and/or Professional employee as of June 1 of that year shall receive a written performance evaluation and be eligible for an annual merit increase with a performance rating of meets performance standards or better.
- Salary increases within a range shall not be automatic. The Chief of each division will provide performance feedback and salary adjustment recommendations for the CEO's consideration. The CEO will make the final determination of salary awards based on the annual performance pool and individual award limits approved by the Board of Retirement in connection with the budget.
- Salary ranges will be reviewed annually with an intended purpose of keeping total compensation competitive. The CEO may ask the Board of Retirement to consider adjustments to the salary ranges during the annual budget approval process.

## OCERS Compensation Philosophy

The Board of Retirement has entered into a Memorandum of Agreement with the County of Orange for providing and administrating employee benefits to OCERS' direct employees. The agreement with the County calls for OCERS' employees to receive the same benefits offered to County administrative and executive management employees.

## History

3. This policy was adopted by the Board of Retirement on October 21, 2013. This policy was approved by the CEO on December 19, 2014.

## Secretary's Certificate

I, the undersigned, the duly appointed Secretary of the Orange County Employees Retirement System, hereby certify the adoption of this policy.

# Memorandum 

DATE: October 2, 2018
TO: Members of the Board of Retirement
FROM: Brenda Shott, Assistant CEO, Finance and Internal Operations
SUBJECT: OCERS 2019 BUSINESS PLAN

## Recommendation

Approve OCERS 2019 Business Plan.

## Background/Discussion

The OCERS 2019 Business Plan is presented to the Board for approval. The OCERS 2019 Business Plan is directly linked to the OCERS 2019-2021 Strategic Plan which was developed using OCERS Mission Statement, Vision and Values as its foundation. The Business Plan is a one year plan that lays out initiatives aimed to move the longer term strategic goals and objectives towards completion.

The Business Plan is also an initial planning step in the 2019 budget process. The goals and initiatives included in the Business Plan, if approved by the Board, become directives for staff to finalize 2019 budget requests. The initial draft of the proposed budget will then be reviewed with the board on October 18, 2018 at the Budget Workshop. During the Workshop, the Board will not be asked to approve items, rather it will be an opportunity to ask questions and give feedback to staff as they work to finalize the 2019 Annual Budget. Attached to the OCERS 2019 Business Plan are estimates of amounts needed in 2019 to fund specific initiatives. Actual funding of goals and initiatives are subject to final budget approval by the Board at the regularly scheduled meeting in November.

## Purpose and Background

1. The Board of Retirement annually adopts a budget covering the expenses of administering the retirement system. The administration expenses, as defined in Government Code Section 31580.2, incurred in any year will be charged against the earnings of the retirement fund and will not exceed 21 basis points of the actuarial accrued liability of the system.
2. The purpose of the Budget Approval Policy is to establish the process by which the OCERS annual budget is approved by the Board of Retirement.

## Roles

3. The preparation and presentation of the budget is the responsibility of the Chief Executive Officer.
4. The adoption of an annual budget is the responsibility of the Board of Retirement.

## Guidelines

## General Provisions

5. The Chief Executive Officer will present to the Board of Retirement a proposed administrative budget for the next calendar year that supports the initiatives set out in the proposed Business Plan along with ongoing operations of the system. The Budget will be presented to the Board during the month of November.
6. The format of the proposed budget will organize expenditures by function within OCERS as follows:
a. Executive;
b. Investments;
c. Communications;
d. Member Services;
e. Finance;
f. Administrative Services;
g. Disabilities;
h. Board;
i. Information Technology;
j. Legal;
k. Internal Audit; and / or
I. Such other functions that may be adopted by OCERS in the future.
7. The budget shall be broken into three broad categories of expenditures:
a. Salaries and Benefits;

The Salaries and Benefit category shall include salaries, overtime, fringe benefits, temporary help costs and any other costs directly related to employee and Board member compensation.
b. Services and Supplies

The Services and Supplies category for each department shall include items such as professional services, legal services, equipment expenses (other than those that are capitalized on OCERS' books as assets that will be depreciated over time and budgeted as a capital expenditure), maintenance costs, office expenses, training, and meetings \& travel costs. Investment management fees (including directly billed fees, indirectly paid fees reported on investment manager statements, fees and costs for investment management that are netted in portfolio returns, foreign income tax and security lending fees) are not to be included in the annual administrative budget. These expenses are to be managed and reported in accordance with the Board of Retirement's Investment Fee Policy; and

## c. Capital Projects.

The Capital Project budget category will include the current year costs for all capital asset purchases. Capital assets include items such as buildings, building improvements, vehicles, machinery, equipment, internally generated computer software, computer hardware and all other tangible or intangible assets that are used in operations, cost more than $\$ 25,000$ per item, and have initial useful lives extending beyond a single reporting period.

The Chief Executive Officer, or the Assistant CEO, Finance \& Internal Operations, is granted authority to transfer funds within a category.. Funds may not be moved from one category to another without approval of the Board of Retirement.
8. The value of the actuarial accrued liability (AAL) at the beginning of the budget year will be used for purposes of calculating the 21 basis point test. That value will be calculated by the system's actuary using the prior year's beginning AAL and projecting to the beginning of the budget year.
9. The Chief Executive Officer may request that the Board amend the budget for the current fiscal year by presenting reasons for the budget amendment, its expected impact, and the cost of the amendment for the remainder of the budget year.

# OCERS Compensation Philosophy 

## Purpose and Background

1. The philosophy behind the Orange County Employees Retirement System 's ("OCERS") compensation program is to create a pay structure with the goal of attracting, developing and retaining strong leaders who support OCERS' mission and values. We believe our compensation program is a management tool that when aligned with an effective communication plan is designed to support, reinforce, and align our values, business strategy, operation \& financial needs through professional and proficient staff that provide secure retirement benefits to our members with the highest standards of excellence.

The underlying philosophy governing OCERS' compensation program is designed to accomplish the following:

- Provide pay levels that are externally competitive among peers within our industry and within published market data for similar sized governmental organizations.
- Recognize and reward individual performance, initiatives, growth in job proficiency and achievement of stated goals.
- Provide management the flexibility to make compensation decisions within budgetary guidelines.

In alignment with our organization's culture, we will strive to communicate openly about the goals of the agency and the design of the compensation program. The compensation process is intended to be fair and uncomplicated so that all employees and managers understand the goals and the outcome of the process.

## Compensation Strategy

2. Total Compensation of OCERS employees includes both cash compensation and benefits. OCERS' Board of Retirement is responsible for approving salary ranges for each authorized position. The CEO is responsible for managing salaries within the approved salary ranges. The CEO will use the following process:

- In November of each year, or other time of year as determined by the Chief Executive Officer, each Executive, Management and/or Professional employee as of June 1 of that year shall receive a written performance evaluation and be eligible for an annual merit increase with a performance rating of meets performance standards or better.
- Salary increases within a range shall not be automatic. The Chief of each division will provide performance feedback and salary adjustment recommendations for the CEO's consideration. The CEO will make the final determination of salary awards based on the annual performance pool and individual award limits approved by the Board of Retirement in connection with the budget.
- Salary ranges will be reviewed annually with an intended purpose of keeping total compensation competitive. The CEO may ask the Board of Retirement to consider adjustments to the salary ranges during the annual budget approval process.

## OCERS Compensation Philosophy

The Board of Retirement has entered into a Memorandum of Agreement with the County of Orange for providing and administrating employee benefits to OCERS' direct employees. The agreement with the County calls for OCERS' employees to receive the same benefits offered to County administrative and executive management employees.

## History

3. This policy was adopted by the Board of Retirement on October 21, 2013. This policy was approved by the CEO on December 19, 2014.

## Secretary's Certificate

I, the undersigned, the duly appointed Secretary of the Orange County Employees Retirement System, hereby certify the adoption of this policy.

# Memorandum 

DATE: October 2, 2018
TO: Members of the Board of Retirement
FROM: Brenda Shott, Assistant CEO, Finance and Internal Operations
SUBJECT: OCERS 2019 BUSINESS PLAN

## Recommendation

Approve OCERS 2019 Business Plan.

## Background/Discussion

The OCERS 2019 Business Plan is presented to the Board for approval. The OCERS 2019 Business Plan is directly linked to the OCERS 2019-2021 Strategic Plan which was developed using OCERS Mission Statement, Vision and Values as its foundation. The Business Plan is a one year plan that lays out initiatives aimed to move the longer term strategic goals and objectives towards completion.

The Business Plan is also an initial planning step in the 2019 budget process. The goals and initiatives included in the Business Plan, if approved by the Board, become directives for staff to finalize 2019 budget requests. The initial draft of the proposed budget will then be reviewed with the board on October 18, 2018 at the Budget Workshop. During the Workshop, the Board will not be asked to approve items, rather it will be an opportunity to ask questions and give feedback to staff as they work to finalize the 2019 Annual Budget. Attached to the OCERS 2019 Business Plan are estimates of amounts needed in 2019 to fund specific initiatives. Actual funding of goals and initiatives are subject to final budget approval by the Board at the regularly scheduled meeting in November.

## Purpose and Background

1. The Board of Retirement annually adopts a budget covering the expenses of administering the retirement system. The administration expenses, as defined in Government Code Section 31580.2, incurred in any year will be charged against the earnings of the retirement fund and will not exceed 21 basis points of the actuarial accrued liability of the system.
2. The purpose of the Budget Approval Policy is to establish the process by which the OCERS annual budget is approved by the Board of Retirement.

## Roles

3. The preparation and presentation of the budget is the responsibility of the Chief Executive Officer.
4. The adoption of an annual budget is the responsibility of the Board of Retirement.

## Guidelines

## General Provisions

5. The Chief Executive Officer will present to the Board of Retirement a proposed administrative budget for the next calendar year that supports the initiatives set out in the proposed Business Plan along with ongoing operations of the system. The Budget will be presented to the Board during the month of November.
6. The format of the proposed budget will organize expenditures by function within OCERS as follows:
a. Executive;
b. Investments;
c. Communications;
d. Member Services;
e. Finance;
f. Administrative Services;
g. Disabilities;
h. Board;
i. Information Technology;
j. Legal;
k. Internal Audit; and / or
I. Such other functions that may be adopted by OCERS in the future.
7. The budget shall be broken into three broad categories of expenditures:

b. Services and Supplies

The Services and Supplies category for each department shall include items such as professional services, legal services, equipment expenses (other than those that are capitalized on OCERS' books as assets that will be depreciated over time and budgeted as a capital expenditure), maintenance costs, office expenses, training, and meetings \& travel costs. Investment management fees (including directly billed fees, indirectly paid fees reported on investment manager statements, fees and costs for investment management that are netted in portfolio returns, foreign income tax and security lending fees) are not to be included in the annual administrative budget. These expenses are to be managed and reported in accordance with the Board of Retirement's Investment Fee Policy; and

The Chief Executive Officer, or the Assistant CEO, Finance \& Internal Operations, is granted authority to transfer funds within a category.. Funds may not be moved from one category to another without approval of the Board of Retirement.
8. The value of the actuarial accrued liability (AAL) at the beginning of the budget year will be used for purposes of calculating the 21 basis point test. That value will be calculated by the system's actuary using the prior year's beginning AAL and projecting to the beginning of the budget year.
9. The Chief Executive Officer may request that the Board amend the budget for the current fiscal year by presenting reasons for the budget amendment, its expected impact, and the cost of the amendment for the remainder of the budget year.
