The OCERS Board is charged with the responsibility of administering the System in a manner to assure prompt delivery of benefits and related services to members and their beneficiaries and managing the assets of the System in a prudent manner. Legislation affecting the System must be closely monitored to determine the potential impact on the System and whether action is necessary.

Policy Guidelines

Legislative Principles

- 5. The following legislative principles will guide the Board when considering its position on proposed legislation:
 - a. Promote OCERS' legislative position primarily through organizations in which OCERS participates unless proposed legislation has a specific and unique effect on OCERS;
 - b. Support legislative proposals that strengthen the confidentiality protections for member records;
 - c. Support legislative proposals that clarify statutory interpretation of '37 Act provisions unless inconsistent with OCERS' legally sound interpretation and implementation of the provision;
 - d. Support legislative proposals that strengthen the financial condition of the System and promote administrative efficiency;
 - e. Oppose legislative proposals that create the potential for increased unfunded actuarial liability without appropriate funding provisions; and-
 - f. Oppose legislative proposals that compromise or interfere with OCERS' duty to deliver benefits to participants and beneficiaries.

SACRS' Legislative Committee

- 6. OCERS will attempt to maintain a representative on the SACRS' Legislative Committee. The representative, or any other Board or staff member that participates in the Committee as a guest, will adhere to the following standards:
 - a. Represent the official position, if any, taken by the OCERS' Board on all legislation considered by the Committee;
 - b. Provide information to the CEO and Board on the activities of the Committee as needed so that the CEO and Board are well informed regarding legislation that is relevant to OCERS.
