D. Definitions

1. **Contract Value:** For the purposes of the dollar thresholds in this policy, the value of a contract is the anticipated amount OCERS will be obligated to pay for one year under the contract.
2. **Contractors:** For purposes of this policy, Contractors include providers of services and vendors of goods.
3. **Executive:** The CEO, the Assistant CEOs, the Chief Investment Officer, and the General Counsel.
4. **Investment Management Agreements:** agreements of any kind that evidence and/or govern the investment of OCERS' assets in any investment class. Investment Consultant Agreements are not Investment Management Agreements.
5. **Master Services Agreement:** A contract for goods or services to be provided on an as-needed basis or which may govern future transactions with the vendor is sometimes referred to as a Master Services Agreement. Any statement of work or order made under such contracts will comply with the requirements for contracts of the same value.
6. **Named Service Providers:** The Contractors designated in section V, below.
7. **Non-Routine Items:** expenses that are not regularly purchased or budgeted on an annual basis. Contracts or purchase orders for non-routine items require:
 - i. Available funds in the approved budget, including permissible budget transfers under the Budget Approval Policy or Board approved amendments to the budget designated for the goods or services being procured; and

Procurement and Contracting

- ii. Approval by the Responsible Executive for where the goods or services are to be paid from for expenditures valued at less than \$100,000; or
 - iii. Approval by the Board for expenditures valued over \$100,000. The Board may approve of the expenditure either as part of the annual budget, budget amendment, annual Business Plan or a specific Board approval of the contract or purchase order.
- 8. **Pre-Qualified Contractors:** Contractors that have been evaluated and selected by OCERS through a publicly advertised competitive search and selection process, and passed a due diligence review.
- 9. **Responsible Executive:** The Executive who manages the budget category for the funds being committed under the contract.
- 10. **Routine Items:** expenses that are regularly budgeted on an annual basis. These items include but are not limited to the following:
 - i. Office supplies, postage, furniture, office equipment, subscriptions, temporary services, professional and consulting services engaged to supplement or support staff, software and cloud services; and
 - ii. General services contracts and agreements such as hearing officers, medical panel reviewers, property management, maintenance and repair of landscaping, building, and equipment, printing, Board of Retirement elections, computer consulting, software licenses, messenger services, catering, etc.Contracts or purchase orders for Routine Items require:
 - iii. Available funds in the approved budget, including any Board approved amendments to the budget.
 - iv. Approval by the Responsible Executive
- 11. **Time and Material (T&M) Contracts:** agreements with Contractors where the value of the contract is variable based on the time and material costs of the Contractor. In these types of contracts, if the contract does not include a specified not-to-exceed dollar amount, the Contract Value will be limited by the available budget for the goods or services.
- 12. **Total Contract Value:** the sum of all Contract Values that, when the contract is entered, is anticipated to be the amount OCERS will be obligated to pay over the entire term of the contract.
- 13. **Unilateral Contract:** a contract that is used to pay for critical, ongoing services provided by exclusive entities that will not sign an OCERS-written contract. Unilateral Contracts are not subject to OCERS' standard procurement practices. The following are permissible Unilateral Contracts:
 - i. Utility services: electric, gas, water, telephone
 - ii. Cable/Satellite companies
 - iii. US Postal Service

Procurement and Contracting

- iv. Memberships in associations formed for a purpose directly related to the primary work of OCERS

14. **Written Agreement:** a document that is a legally binding contract between OCERS and another party(s) regarding the buying and selling of goods or services. Examples include but are not limited to: a contract, sale or lease agreement, bill of sale, purchase order, or memorandum of understanding. Reference to a written agreement means a contract that has been reduced to writing, regardless of format or label.

II. Provisions Applicable to All Contracts

A. Contracting Philosophy

1. OCERS will consider as broad a universe of qualified Contractors as is practical and reasonable given budgetary, staffing, time, and other relevant constraints and considerations.
2. The search, selection, monitoring, and reporting provisions contained in this policy serve as minimum requirements. If more stringent requirements are established under the law or within other policies of OCERS, the law, and such other policies will control.
3. Consistent with Title 2, Division 6, Chapter 7 of the California Code of Regulations, §§ 18700-18720, no OCERS Board Member or staff will be directly or indirectly involved in an OCERS contracting decision if the decision will have a material financial effect on an economic interest of the Board Member, staff person, or the immediate family of the Board Member or staff person.
4. OCERS values diversity and inclusion and is committed to fostering diversity in its procurement process through outreach to small and diverse businesses. In the distribution and publication of solicitations, OCERS will endeavour to reach beyond traditional sources and list opportunities in locations that will notify a diverse audience of Contractors.
5. A Written Agreement is required when:
 - a. Services valued over \$1,000, and the delivery of services will span a duration of more than one year; or
 - b. Goods purchased with a value greater than \$1,000
6. Contracts shall not be split to avoid approval by the Board or to bypass competitive search and selection requirements.

B. Authority for Entering Into Contracts.

1. Before entering into any contract for goods or services, OCERS must have available funds in the current year's approved budget, including any Board approved amendments to the budget, to fund the current year's expense or Contract Value.

OCERS Board Policy

Procurement and Contracting

2. Only the Responsible Executive or their designee may bind or commit OCERS for the purchase of goods or services as set forth in this policy, except in emergencies and as may be otherwise authorized by the Board.
3. An emergency is any circumstance that would interfere with OCERS' ability to meet its fiduciary obligations, threaten the health and safety of its staff, or compromise its legal rights or remedies. If a contract is needed as the result of an emergency, report of the contract will be made to the Responsible Executive or to the Board whose authorization is normally required for such contract as soon as practicable.
4. The CEO may delegate their authority to execute documents to an Executive.
5. A Responsible Executive may delegate his/her authority to approve check requests, invoices and/or purchase requisitions.
6. All delegations will be documented in writing, identifying the individual to whom the authority is delegated and any dollar restriction or budget account restrictions associated therewith.
7. Contracts will be routed to the Responsible Executive for signature. The submission will include a certification by both the Contracts Administrator and the staff member who originated the contract certifying compliance of the contract with the provisions of this policy.
8. After the Responsible Executive signs the contract it will be routed for the second Executive signature when required.

C. Contract Amendments

1. Contract Amendments that increase Contract Value are permissible under the following circumstances:
 - i. The need for services could not be accurately projected and the increase does not justify rebidding
 - ii. To cover services already provided in the scope of work or additional services similar to those already provided in the scope of work set forth in the contract
 - iii. Special economic factors that justify a contract increase
 - iv. An emergency exists which does not permit rebidding
2. Contract Value may be increased up to twenty-five percent (25%) of the original Contract Value or \$100,000, whichever is less.
3. For contracts that span over multiple years, the Total Contract Value may be increased up to twenty-five percent (25%) or \$200,000 whichever is less.
4. Contract amendments have the signature requirements of the Total Contract Value for the purpose of determining signing authority.
5. A full due diligence review is not required for Contract Amendments.

OCERS Board Policy

Procurement and Contracting

6. If an amendment is determined to be in the best interest of OCERS and will exceed the limitations in sections II.C.2 and II.C.3, justification must be documented and CEO approval is required.
7. Exemptions: Amendments to Unilateral Contracts or subscriptions, cloud services, or license agreements for the purpose of increasing the number of users required to meet OCERS operational needs are not limited as prescribed in section II.C.1. However, approved budget funds must be available in the designated budget category.

D. Contract Term

1. Contract terms will not exceed six (6) years
2. Ongoing subscriptions or licenses will be reviewed at least every six (6) years
3. The Legal department must review renewal documents.
4. Board of Retirement approval is required to extend a contract term beyond a total of six years without a new competitive search and selection process, with the exception of Unilateral Contracts

E. Performance Reviews

1. The Contract Administrator will coordinate evaluations of Contractors.
2. The performance of Named Service Providers and Contractors with Contract Values that exceed \$100,000 will be reviewed at least every three years. In addition, at least six months before the expiration of the initial term of a contract with a Named Service Provider and Contract Value over \$100,000, the continued appropriateness and cost-effectiveness of the Contractor will be assessed. For contracts with Named Service Providers, the CEO, the Board or the pertinent committee of the Board, or their designee will make the performance review and assessment. For Contract Values over \$100,000, the CEO (or his/her designee) will make the performance review and assessment.

The results of performance reviews of Named Service Providers will be summarized and reported to the Board.

III. Search and Selection Process

A. Competitive Search and Selection Process

Where a competitive search and selection process is required under this policy, the Responsible Executive will use one of the following procurement methods.

1. Invitation for Bid (IFB):
 - i. This method will be used when multiple bidders are available and willing to bid, and procurement needs can be stated in detail, with precision, or where services or products are standardized.

Procurement and Contracting

- ii. The IFB process requires the evaluation of price, delivery and payment terms, and compliance with technical standards. The bid that provides the best pricing and delivery and payment terms will be selected.
 - iii. The bids may be reviewed by a minimum of three OCERS staff members to identify the bidder who provides the best value to OCERS.
 2. Request for Proposal (RFP)
 - i. This method will be used where the product or service to be acquired cannot be stated with specificity (such as consulting services) or where OCERS may seek to evaluate a number of different types of professional services or products.
 - ii. The proposal that best meets OCERS' needs, with consideration for price, qualifications, and other relevant factors set forth in the RFP, will be selected.
 - iii. This method will be used in most circumstances where the Contract Value exceeds \$100,000 or Master Service Agreements.
 3. Request for Qualifications (RFQ)
 - i. A solicitation that describes the product, project, or services required and solicits qualifications from potential Contractors for purposes of evaluating those qualifications for screening, pre-qualifying, or for an award of contract.
 - ii. This method will be used where:
 - a. The available specifications or description of the product, project, or service to be acquired are not sufficiently complete without further technical evaluations and discussions between the Contractor and OCERS, or
 - b. OCERS has a business need to have one or multiple Pre-Qualified Contractors within a designated field of work (i.e. information technology support), a Master Services Agreement will be used with specific scopes of work developed on an as-needed basis. Use of a Pre-Qualified Contractor will be based on the best interest and needs of OCERS.
 4. Small Purchase Procedure
 - i. Where the Contract Value is at least \$1,000 but less than \$50,000, the selection of Contractors will be based on a less formal competitive process resulting in a minimum of one written or oral quote from a qualified source. Quotes can be obtained from means such as websites, email, catalogs, price lists, and letters.
 - ii. Where the Contract Value is \$50,000 or more but less than \$100,000, the selection of Contractors will be based on a less formal competitive process resulting in a minimum of three quotes from qualified sources. Quotes can be obtained from means such as websites, email, catalogs, price lists, and letters. If three qualified sources cannot be reasonably identified, then the Responsible Executive may authorize the use of a selected vendor based on the best interest and needs of OCERS.
 5. Process for Receiving Bids in Response to an RFP, IFB and RFQ

OCERS Board Policy

Procurement and Contracting

- i. The period for submitting bids in response to an RFP, IFB and RFQ will be at least fifteen (15) days from the date the RFP, IFB or RFQ is issued. All RFPs, IFBs and RFQs will be issued on OCERS' bidding system. A link to the bidding system will be posted on OCERS' website and notification may be given to entities that OCERS identifies as likely to be interested.
 - ii. The Contract Administrator or their designee will answer questions from any bidder or potential bidder, and all answers provided to any bidder will be made available to all bidders through OCERS' bidding system.
 - iii. Best efforts will be made to have at least three OCERS personnel review the bids and recommend finalists. Best efforts will be made to include at least one representative from a department other than the one that has authority over the contract. In the case where external expertise is used to review the bids, at least one reviewer must be an OCERS employee.
6. Request for Information (RFI)
- i. A solicitation used when OCERS does not intend to award a contract, but needs to obtain price, delivery, other market information, or capabilities for planning purposes. Responses to RFI notices are not offers and cannot be accepted by OCERS to form a binding contract.
 - ii. An RFI may precede an RFP or RFQ. The RFI is a way to find interested vendors and service providers and is generally in the format of a business letter, clearly identifying the needs or services OCERS desires to obtain. An RFI could contain some of the following:
 1. Description of the goods or services being requested, and if applicable, the target population to be served;
 2. Term of a potential contract;
 3. Deadline for submitting a response to the RFI;
 4. Contact information for responding to the RFI Letter;
7. Exceptions
- i. In cases where an RFP, IFB or RFQ is required, but the Responsible Executive deems the defined search and selection process will not be of benefit, the Responsible Executive or designee will provide a report to the CEO, detailing the reasons why the required search and selection process is not beneficial along with a description of an alternative search and selection process that does not restrict open and fair competition to be used.
 - ii. The CEO must approve the alternative search and selection process prior to selecting a Contractor.
 - iii. In cases where OCERS has purchased equipment, software and operating systems for its use in compliance with this policy, procurement of the continuing maintenance, and upgrades of the software and operating systems from the developer, manufacturer or authorized reseller does not require a separate competitive procurement

B. Contracted Suppliers

Where a Contractor has been selected by OCERS pursuant to a competitive search and selection process or by the County of Orange or other governmental agency pursuant to a competitive search

OCERS Board Policy

Procurement and Contracting

and selection process, the Contractor may be used as a Contracted Supplier under certain circumstances as set forth in this policy. Such Contracted Suppliers may include, by way of example, retail sellers of off-the-shelf office supplies contracted by the County of Orange or directly by OCERS.

C. Sole Source

A sole source approach may be permitted under the following circumstances:

1. In cases where a competitive search and selection process will not likely yield a viable alternative to a known service provider; or
2. Where legal services are urgently needed, a competitive search and selection process will not be timely, and a known Contractor exists.

A written report describing the unique characteristics of the situation, the known Contractor, whether OCERS has contracted with this Contractor within the last five years, sound justification for a sole source approach and explanation of how prices or fees compare to the general market for comparable services or supplies will be provided to the Contract Administrator and the Executive who will either approve or deny the request to use a sole source approach in writing

Executives who wish to use a sole source approach will provide the report to the Contract Administrator and the CEO, who will either approve or deny the request. When the CEO is the Responsible Executive, the report will be provided to the Contract Administrator, the Board Chair and Vice-Chair who will either approve or deny the request to use a sole source approach. All sole source contracts (whether approved by the CEO or the Board Chair and Vice-Chair and regardless of Contract Value) will be reported to the Board at its next regular meeting. Sole Source contracts with a Contract Value of \$100,000 or more require Board approval.

D. Technology Purchases and Leases

1. Include any information technology-related hardware, software, licenses, subscriptions, services, and/or consulting;
2. Must be initiated and processed with the full knowledge, direction, and approval of OCERS' Director of Information Technology, regardless of cost, to ensure compatibility with OCERS' current technology environment, and
3. Require an information security due diligence review that includes a review of the Contractor's service and organizational controls (i.e. SOC-2 report), if applicable, as well as a review and analysis of whether the purchase complies with OCERS' information security policies and controls. Information security due diligence will be completed by the Director of Information Security or their designee.

E. Exclusions

Notwithstanding any other provision in this policy, Contractor back-fill or temporary help for staff augmentation does not require Board approval or compliance with this policy as long as budgetary amounts are available for individual temporary help or contractor positions.

F. Due Diligence

OCERS Board Policy

Procurement and Contracting

1. Before awarding a contract, the Contract Administrator will conduct due diligence of any bidder selected to ensure that the bidder:
 - i. Meets all minimum qualifications set forth in the solicitation document; and
 - ii. Meets all other standards which, in the exercise of sound business judgment, are required of the Contractor.
2. If a selected bidder is disqualified as a result of the due diligence process, the reason for the disqualification will be documented and forwarded to the Responsible Executive for confirmation.
3. For certain critical Information Technology Contractors, SOC2 reports will be requested during the due diligence process. These reports will then be requested from the Contractor annually to ensure proper Information Technology and security controls are in place.
